Springfield, IL 62762

Dear Ms. Avery,

I am writing to express my support for the new skilled care nursing facility that has been proposed to be built in the city of Rochelle.

I believe such a facility will greatly benefit our community, for it will allow Rochelle residents who are in need of skilled care, rehabilitation therapy and dementia care to remain near family and friends. Many residents who live in Rochelle are traveling between 15 to 30 miles to access quality care. This can in turn, create an extra burden on friends and family members who travel sometimes daily to encourage their loved one or friend. I feel that the proposed project will be a wonderful option for Rochelle.

Your positive consideration of this application would be greatly appreciated.
Thank you for taking the time to read this letter.

Sincerely,

David McCarver
117 Offay Ave
Rochelle, IL

December 7, 2017

Mr. Jeffrey Mark
Illinois Health facilities Planning Board
525 West Jefferson Street
Springfield, IL 62762

Dear Mr. Mark and Board Members:

My name is Mary Clark and I am a resident of Rochelle, IL. I am writing in complete support of the new proposed skilled care facility that is being considered for our community.

I feel this facility will provide the services that are missing in Rochelle. Seniors want good skilled care therapy and dementia care to meet their ever changing needs.. I am a senior who is currently in good health and active, but I do worry about my future health care requirements.. We all want a facility that can offer quality services in a nice environment that gives better care to residents. At this time quality skilled care does not exist in the Rochelle area.

Currently the closest two facilities that most people use from Rochelle are at least 20-30 minutes outside of our community. I feel this puts undue burdens on our families and friends. It is definitely a personal concern of mine for my family.

The new facility will be of great value to our community and more importantly to our aging senior population. My hope is that you approve the application and I will be able to stay in my own home town.

Sincerely,

Mary Clark

A handwritten signature in cursive script that reads "Mary Clark". The signature is written in dark ink and is positioned below the printed name "Mary Clark".

December 6, 2017

Ms. Courtney Avery, Administrator
Illinois Health Facilities Planning Board
535 W. Jefferson St. Second Floor
Springfield, IL 62762

Dear Mr. Mark,

I endorse the application to build a new skilled care facility that is proposed to be built in Rochelle, IL.

I believe that a new facility will benefit the community and be a needed help to all people of Rochelle who will require skilled care. I am a senior citizen who may someday need skilled care. I want to know that when that time comes services will be available to me in my community. Rochelle is my home and I want to stay here near my family.

I feel offering dementia care and skilled care rehab services in a pleasant environment eliminates the need for Rochelle residents and families to drive out of town. This many times puts unnecessary stress on families and is too far for friends to visit.

I strongly urge the approval of this application and the development of the new facility. Thank you for taking the time to hear what I have to say.

Sincerely,

W. B. Lambert
Rochelle, IL
