Dear Ms. Olson,

I am a physician specializing in orthopedic surgery, I support the proposal to expand the ambulatory surgical treatment center (ASTC) located at 10330 South Roberts Road, Suite 3000, Palos Hills, 60465, known as the Palos Hills Surgery Center.

Over the past 12 months (ending on May 31, 2017), I have referred three-hundred and seventy (370) patients to an IDPH-licensed facility where the patient received treatment. The attached tables list the zip codes of residence for these patients and the facilities to which I referred patients.

I anticipate that I will refer 370 patients to the Palos Hills Surgery Center in each of the two years following completion of the ASTC expansion

These referral counts have not been used to support another pending or approved permit application for any other licensed hospital or ASTC for the subject services.

Sincerely,

Dr. Prasad Gourineni
