On behalf of the Village of Romeoville's Department of Community Development, I encourage you to issue a Certificate of Need to DaVita Romeoville Dialysis (project 17-043).

The existing dialysis providers in our neighboring communities are highly utilized and are projected to exceed optimal utilization. The Village of Romeoville currently has no dialysis providers within its borders, therefore increasing access to life-sustaining dialysis for people living in our community makes sense.

VILLAGE MANAGER

Steve Gulden

On the economic development scale, the village welcomes the jobs created by the construction of a new \$4 million facility, plus the addition of new full-time clinical positions once opened.

I respectfully urge you to approve DaVita Romeoville Dialysis.

Thank you,

Josh Potter, AICP
Interim Director
Romeoville Department of Community Development
