Springfield, IL 62761

RE: Project 17-046
AMITA Health St. Alexius Medical Center,
Modernization Program

Dear Mike:

Please accept the attached ZIP code-specific patient origin analyses an addendum to ATTACHMENT 31 of the above-referenced Certificate of Need application. The application as originally submitted, included referral letters from eighteen surgeons in support of the proposed number of operating rooms.

The purpose of the patient origin analyses is to confirm that a majority of the surgical patients to be referred to AMITA Health St. Alexius Medical Center by the surgeons referenced above reside within 30 minutes of the hospital. Patient origin analyses were sought for all eighteen surgeons, and the requested information was secured from fourteen.

Thank you for the opportunity to provide this information. Should any additional information be needed, please don't hesitate to contact me.

Sincerely,

Jacob M. Axel
President
