RE: Project 17-046  
Annual Progress Report  
AMITA Health St. Alexius  
Medical center

Dear Ms. Avery:

Please accept this letter as the required annual progress report for the above-referenced project. The project is approximately 48% complete, based on the approximately \$7,857,000 spent as of October 31, 2018. To date, the following major project components have been completed: initial phase of mechanical, plumbing and electrical rough-in, framing and dry walling, ceiling grid and tiles, fire protection, and lighting. The major project components yet to be completed are: flooring and doors, millwork, painting, mechanical and electrical trim, systems testing, wedge addition, inspections, and final area pre-occupancy prep. Also, please be advised that the project is being completed consistent with the description in the Certificate of Need application.

Should any additional information be required at this time, please contact me.

Sincerely,

A handwritten signature in black ink that reads "Peg Wendell". The signature is written in a cursive style and includes a large, stylized initial "P" and "W".
