RE: Certificate of Need Application for Vista Medical Center West

Dear Ms. Avery:

I am writing this letter in support of the certificate of need application by US HealthVest to expand Vista Medical Center West to a 146-bed behavioral health hospital.

The expansion of services in Lake County will address the shortage of inpatient beds to care for the residents of Waukegan and Lake County. There is an unmet need for specialized psychiatric services in Lake County and US HealthVest has been one of our partners that we refer our patients to for care.

On September 25, 2017, the Lake County Board of Health voted unanimously to support this application and our staff, in a separate letter to you dated September 12, 2017, provided specific psychiatric hospitalization data to support the need.

I urge you to support the approval of this certificate of need application for Vista Medical Center West. There is a great need in the Lake County area to expand behavioral health services and by approving this application it will directly benefit our patients and their families as well as the residents of Waukegan and Lake County.

Thank you for your assistance in providing improved access to care in Lake County.

Sincerely,

T.E. Sashko
President
Lake County Board of Health
