OCT 19 2017

HEALTH FACILITIES &
SERVICES REVIEW BOARD

Dear Ms. Avery:

On behalf of Dialysis Care Center Beverly, Chicago, we respectfully request the Illinois Health Facilities and Service Review Board ("State Board") grant expedited review of the Certificate of Need permit for the above referenced project (the "CON Application") and consider the CON Application at the January 9, 2018 State Board meeting. This project proposes the establishment of a 14-station dialysis facility to be located at 10801 S. Western Ave, Suite 100, Chicago, IL, 60643-3225. As discussed in the CON Application, the facility is to be established in HSA 6, where the State Board has determined a need for 87 additional stations. The current facilities in this area cannot accommodate Dr. Sushant Taksande's projected patients. It is critical the CON Application is heard at the January 9, 2018 meeting. If the project is not reviewed at this time, it is unlikely that the project will be able to be completed by the proposed completion date. Accordingly, we request the State Board consider this project at the January 9, 2018 meeting to ensure patients in the Chicagoland area have access to much needed dialysis services, and the needs of the additional chairs in the HSA 6 are met.

Thank you for your time and consideration of our request for expedited review of the Dialysis Care Center Beverly, Chicago CON Application, if you have any questions or need any additional information, please feel free to contact me.

Sincerely,

Asim Shazzad
Administrator
