Mike:

Thank you for your call yesterday relating to the status of Valley Medical Inn, a postsurgical recovery care center, after Valley Ambulatory Surgery Center relocates to a new building. As we discussed, the postsurgical recovery care center will be closed when the existing facility is closed and the surgery center operations move into the new facility. Thank you for also confirming our understanding that the applicant can provide letter notice of the closure/termination of the postsurgical recovery care center and is not required to file a formal application.

Thank you,  
Claire
