

The
CANCER TREATMENT
Center

Illinois Health Facilities and
Services Review Board
Springfield, Illinois

To Whom It May Concern:

This letter is being provided in support of the plans to develop a radiation oncology program on the campus of Memorial Hospital-East in Shiloh, Illinois.

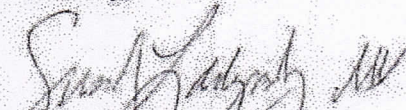

We are the radiation oncologists responsible for the radiation therapy component of The Cancer Treatment Center in Swansea, Illinois; and upon the opening of Siteman Cancer Center's facility on the Memorial Hospital-East campus in Shiloh, it is our intent to re-locate our practices to that facility.

During 2016, 9,672 external beam radiation therapy treatments were provided at the Swansea facility. I estimate that approximately 60-70% of The Cancer Treatment Center's radiation oncology caseload (approximately 5,803-6,800 treatments per year) will relocate to the proposed program on the Memorial Hospital-East campus.

Attached is a January-October, 2017 patient origin analysis documenting that a very high percentage of our patients reside in the Metro East area.

The information contained in this letter is true and correct to the best of my knowledge, and has not been used in support of any other project presented to the Illinois Health Facilities and Services Review Board.

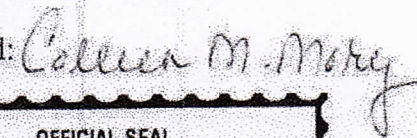

Sincerely,

Susan Laduzinsky, MD
