RE: Project Obligation – IHFSRB Project #18-003, Taylorville Memorial Hospital
Permit Holders – Taylorville Memorial Hospital and Memorial Health System

Dear Ms. Avery:

This letter is submitted in compliance with State Board Rule 1130.720, which requires that a CON permit holder obligate a project prior to the expiration date of the permit.

Taylorville Memorial Hospital and Memorial Health System were granted CON permit #18-003 on April 17, 2018 to complete a major modernization of the facility. The project involves the construction of a new 2-story addition and the demolition of an old 5-story building. The modernization and addition will provide 25 new private patient Medical/Surgical rooms and modernize the hospital's outpatient diagnostic and support service areas in 95,299 square feet at the hospital's campus located at 201 E. Pleasant Street, Taylorville, Illinois. The permit amount is \$59,962,138.

Memorial Health System has committed the financial resources to fund this project, via an executed construction contract. The project was obligated on May 9, 2018. The project's cost, scope, design, and square footage are in compliance with that which the Illinois Health Facilities and Services Review Board has approved.

If you require any additional information, please contact me at 217-757-4281 or curtis.michael@mhsil.com.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Curtis", written over a horizontal line.
