Re: Barrington Pain and Spine Institute (Proj. No. 18-038)

Dear Ms. Avery:

On behalf of Barrington Pain and Spine Institute, LLC ("BPSI"), I am writing to submit the notice of project completion and final realized project cost report for Project No. 18-038. On January 15, 2019, the Illinois Health Facilities and Services Review Board ("State Board") approved BPSI's application for a certificate of need permit to add orthopedics and podiatry to our existing ambulatory surgical treatment center located at 600 Hart Road, Suite 300, Barrington, Illinois (the "Project"). The Project was completed on January 14, 2020.

For your review, BPSI submits the following information as its final realized cost report for the addition of surgical specialties:

1. Final Realized Costs

Barrington Pain and Spine Institute Final Realized Project Costs		
	Approved	Expended
Movable or Other Equipment (not in construction contracts)	\$800,000	\$36,392
ESTIMATED TOTAL PROJECT COST	\$800,000	\$36,392

Ms. Courtney Avery

Page 2

2. Certification of Final Realized Costs and Compliance

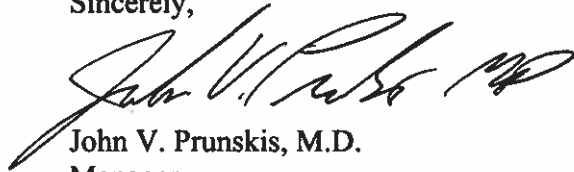

Pursuant to 77 Ill. Admin. Code §1130.770, BPSI certifies the final realized costs, as itemized, are the total costs required to complete the project and that there are no additional associated costs or capital expenditures related to the project. I further certify BPSI has complied with all of the terms of the permit to date and all information submitted in this cost report for the facility is true and correct.

3. Final Application and Certification for Payment

There was no construction or modernization of the surgery center to add surgical specialties. Accordingly, there is no G702 for the Project.

If you have any questions or need any additional information related to the Project, please feel free to contact Anne Cooper at 312-873-3606 or acooper@polsinelli.com.

Sincerely,

John V. Prunskis, M.D.
Manager
Barrington Pain and Spine Institute, LLC
