opposition to CON 18-042, QMG Surgery Center in Quincy, IL

Dear Ms. Avery:

I am a 36 year employee of Blessing Health System and am aware that QMG wants to move a surgery center to 33rd and Broadway. It would be such a duplication of services our city of Quincy and region does not need. It's a costly addition and with high non-paying customers affected. It is unnecessary. Please highly consider this request. We provide \$6mil. in charity care annually. QMG provides \$4,000,000. I respectfully ask that the Health Facilities Board deny the CON application 18-042. Thank you for your consideration. Please do the right thing.

Sincerely,

Ann Dickson
