Re: Opposition to CON 18-042, Quincy Medical Group Surgery
Center in Quincy, Illinois

Dear Ms. Avery

My name is Nikki Rose, Manager of Patient Financial Services at Blessing Health System. This project has a direct impact to myself as a Blessing Health System employee from a financial impact as duplicate services would be provided if this CON is granted.

The current opportunities for these services are currently offered in the community and without full capacity. By adding additional service my fear is this would take away from the current quality to the community. I struggle to see the benefit of adding a third Cath Lab to a community, that would ultimately drive cost up with no added volume.

I respectfully ask that the Health Facilities and Services Review Board deny CON application 18-042. Thank you for your consideration.

Sincerely,
Nikki Rose,

Nikki Rose, Manager PFS Blessing Health System
