DESCRIPTION OF PROJECT**1. Project Classification**

[Check those applicable - refer to Part 1110.40 and Part 1120.20(b)]

Part 1110 Classification:

- ☒ Change of Ownership
- ☐ Discontinuation of an Existing Health Care Facility or of a category of service
- ☐ Establishment or expansion of a neonatal intensive care or beds

2. Narrative Description

In the space below, provide a brief narrative description of the project. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does **NOT** have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.

Northwestern Memorial HealthCare (NMHC) and Centegra Health System (Centegra) seek approval of this Certificate of Exemption (COE) to allow for the NMHC system to combine with the Centegra system which will result in a single integrated health system operating under the name "Northwestern Medicine" (NM System) that supports NMHC and Centegra's common and unifying vision for value and quality in health care. If approved, the proposed transaction will allow for the creation of a combined health system that would support significant improvements in health care delivery and outcomes and would preserve NMHC and Centegra's investments in the communities served by both health systems. The proposed transaction will create a strong and effective long-term relationship between NMHC and Centegra and will ensure continued achievement of both system's charitable missions.

In the proposed transaction, Northwestern Memorial HealthCare (NMHC) will become the sole corporate member of Centegra Health System (Centegra). As such, NMHC will have the power and authority to govern, direct, and oversee the property, funds, business, and affairs of Centegra. The transaction will constitute an indirect change of control of Centegra's existing health care facilities, and therefore a change of ownership of the licensees (as defined in 77 IAC §1130.140).

This includes the following existing health care facilities (as defined in 77 IAC §1130.140):

Northern Illinois Medical Center d/b/a Centegra Hospital – McHenry
Northern Illinois Medical Center d/b/a Centegra Hospital – Huntley
Memorial Medical Center d/b/a Centegra Hospital – Woodstock

The proposed transaction, in and of itself: (a) will not affect any of the licensees' status as the licensee/operating entity of the existing health care facilities named above; and (b) will not change the legal entity that owns the "bricks and mortar" (buildings) of the existing health care facilities named above. In addition, the transaction will not, in and of itself, effect a transfer, conveyance or change in the ownership of any Centegra joint venture or NMHC joint venture to any other person.

Project Costs and Sources of Funds (Neonatal Intensive Care Services only)

Complete the following table listing all costs (refer to Part 1120.110) associated with the project. When a project or any component of a project is to be accomplished by lease, donation, gift, or other means, the fair market or dollar value (refer to Part 1130.140) of the component must be included in the estimated project cost. If the project contains non-reviewable components that are not related to the provision of health care, complete the second column of the table below. Note, the use and sources of funds must be equal.

SECTION III. BACKGROUND, PURPOSE OF THE PROJECT, AND ALTERNATIVES
- INFORMATION REQUIREMENTS

This Section is applicable to all projects except those that are solely for discontinuation with no project costs.

Background

READ THE REVIEW CRITERION and provide the following required information:

BACKGROUND OF APPLICANT

1. A listing of all health care facilities owned or operated by the applicant, including licensing, and certification if applicable.
2. A certified listing of any adverse action taken against any facility owned and/or operated by the applicant during the three years prior to the filing of the application.
3. Authorization permitting HFSRB and DPH access to any documents necessary to verify the information submitted, including, but not limited to: official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations. **Failure to provide such authorization shall constitute an abandonment or withdrawal of the application without any further action by HFSRB.**
4. If, during a given calendar year, an applicant submits more than one application for permit, the documentation provided with the prior applications may be utilized to fulfill the information requirements of this criterion. In such instances, the applicant shall attest that the information was previously provided, cite the project number of the prior application, and certify that no changes have occurred regarding the information that has been previously provided. The applicant is able to submit amendments to previously submitted information, as needed, to update and/or clarify data.

APPEND DOCUMENTATION AS ATTACHMENT 11, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-4) MUST BE IDENTIFIED IN ATTACHMENT 11.

Criterion 1110.230 – Purpose of the Project, and Alternatives (Not applicable to Change of Ownership)**PURPOSE OF PROJECT**

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.
2. Define the planning area or market area, or other relevant area, per the applicant's definition.
3. Identify the existing problems or issues that need to be addressed as applicable and appropriate for the project.
4. Cite the sources of the documentation.
5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.
6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to

achieving the stated goals as appropriate.

For projects involving modernization, describe the conditions being upgraded, if any. For facility projects, include statements of the age and condition of the project site, as well as regulatory citations, if any. For equipment being replaced, include repair and maintenance records.

NOTE: Information regarding the "Purpose of the Project" will be included in the State Board Report.

APPEND DOCUMENTATION AS ATTACHMENT 12, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-6) MUST BE IDENTIFIED IN ATTACHMENT 12.

ALTERNATIVES

- 1) Identify **ALL** of the alternatives to the proposed project:

Alternative options **must** include:

- A) Proposing a project of greater or lesser scope and cost;
- B) Pursuing a joint venture or similar arrangement with one or more providers or entities to meet all or a portion of the project's intended purposes; developing alternative settings to meet all or a portion of the project's intended purposes;
- C) Utilizing other health care resources that are available to serve all or a portion of the population proposed to be served by the project; and
- D) Provide the reasons why the chosen alternative was selected.

- 2) Documentation shall consist of a comparison of the project to alternative options. The comparison shall address issues of total costs, patient access, quality and financial benefits in both the short-term (within one to three years after project completion) and long-term. This may vary by project or situation. **FOR EVERY ALTERNATIVE IDENTIFIED, THE TOTAL PROJECT COST AND THE REASONS WHY THE ALTERNATIVE WAS REJECTED MUST BE PROVIDED.**
- 3) The applicant shall provide empirical evidence, including quantified outcome data that verifies improved quality of care, as available.

APPEND DOCUMENTATION AS ATTACHMENT 13, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION V. CHANGE OF OWNERSHIP (CHOW)**1130.520 Requirements for Exemptions Involving the Change of Ownership of a Health Care Facility**

1. Prior to acquiring or entering into a contract to acquire an existing health care facility, a person shall submit an application for exemption to HFSRB, submit the required application-processing fee (see Section 1130.230) and receive approval from HFSRB.
2. If the transaction is not completed according to the key terms submitted in the exemption application, a new application is required.
3. READ the applicable review criteria outlined below and **submit the required documentation (key terms) for the criteria:**

SECTION VII. 1120.130 - FINANCIAL VIABILITY

All the applicants and co-applicants shall be identified, specifying their roles in the project funding or guaranteeing the funding (sole responsibility or shared) and percentage of participation in that funding.

Financial Viability Waiver

The applicant is not required to submit financial viability ratios if:

1. "A" Bond rating or better
2. All of the projects capital expenditures are completely funded through internal sources
3. The applicant's current debt financing or projected debt financing is insured or anticipated to be insured by MBIA (Municipal Bond Insurance Association Inc.) or equivalent
4. The applicant provides a third party surety bond or performance bond letter of credit from an A rated guarantor.

See Section 1120.130 Financial Waiver for information to be provided

APPEND DOCUMENTATION AS ATTACHMENT 17, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

The applicant or co-applicant that is responsible for funding or guaranteeing funding of the project shall provide viability ratios for the latest three years for which **audited financial statements are available and for the first full fiscal year at target utilization, but no more than two years following project completion.** When the applicant's facility does not have facility specific financial statements and the facility is a member of a health care system that has combined or consolidated financial statements, the system's viability ratios shall be provided. If the health care system includes one or more hospitals, the system's viability ratios shall be evaluated for conformance with the applicable hospital standards.

Applicants not in compliance with any of the viability ratios shall document that another organization, public or private, shall assume the legal responsibility to meet the debt

obligations should the applicant default.

APPEND DOCUMENTATION AS ATTACHMENT 18, IN NUMERICAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION VIII. 1120.140 - ECONOMIC FEASIBILITY

This section is applicable to all projects subject to Part 1120.

A. Reasonableness of Financing Arrangements

The applicant shall document the reasonableness of financing arrangements by submitting a notarized statement signed by an authorized representative that attests to one of the following:

- 1) That the total estimated project costs and related costs will be funded in total with cash and equivalents, including investment securities, unrestricted funds, received pledge receipts and funded depreciation; or
- 2) That the total estimated project costs and related costs will be funded in total or in part by borrowing because:
 - A) A portion or all of the cash and equivalents must be retained in the balance sheet asset accounts in order to maintain a current ratio of at least 2.0 times for hospitals and 1.5 times for all other facilities; or
 - B) Borrowing is less costly than the liquidation of existing investments, and the existing investments being retained may be converted to cash or used to retire debt within a 60-day period.

B. Conditions of Debt Financing

This criterion is applicable only to projects that involve debt financing. The applicant shall document that the conditions of debt financing are reasonable by submitting a notarized statement signed by an authorized representative that attests to the following, as applicable:

- 1) That the selected form of debt financing for the project will be at the lowest net cost available;
- 2) That the selected form of debt financing will not be at the lowest net cost available, but is more advantageous due to such terms as prepayment privileges, no required mortgage, access to additional indebtedness, term (years), financing costs and other factors;
- 3) That the project involves (in total or in part) the leasing of equipment or facilities and that the expenses incurred with leasing a facility or equipment are less costly than constructing a new facility or purchasing new equipment.

C. Reasonableness of Project and Related Costs

Read the criterion and provide the following:

1. Identify each department or area impacted by the proposed project and provide a cost and square footage allocation for new construction and/or modernization using the following format (insert after this page).

COST AND GROSS SQUARE FEET BY DEPARTMENT OR SERVICE									
Department (list below)	A	B	C	D	E	F	G	H	Total Cost (G + H)
	Cost/Square Foot New	Mod.	Gross Sq. Ft. New Circ.*		Gross Sq. Ft. Mod. Circ.*		Const. \$ (A x C)	Mod. \$ (B x E)	
Contingency									
TOTALS									

* Include the percentage (%) of space for circulation

D. Projected Operating Costs

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

E. Total Effect of the Project on Capital Costs

The applicant shall provide the total projected annual capital costs (in current dollars per equivalent patient day) for the first full fiscal year at target utilization but no more than two years following project completion.

APPEND DOCUMENTATION AS ATTACHMENT 19, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION IX. SAFETY NET IMPACT STATEMENT (DISCONTINUATION ONLY)

SAFETY NET IMPACT STATEMENT that describes all of the following must be submitted for ALL SUBSTANTIVE PROJECTS AND PROJECTS TO DISCONTINUE STATE-OWNED HEALTH CARE FACILITIES [20 ILCS 3960/5.4]:

1. The project's material impact, if any, on essential safety net services in the community, to the extent that it is feasible for an applicant to have such knowledge.
2. The project's impact on the ability of another provider or health care system to cross-subsidize safety net services, if reasonably known to the applicant.
3. How the discontinuation of a facility or service might impact the remaining safety net providers in a given community, if reasonably known by the applicant.

Safety Net Impact Statements shall also include all of the following:

1. For the 3 fiscal years prior to the application, a certification describing the amount of charity care provided by the applicant. The amount calculated by hospital applicants shall be in accordance with the reporting requirements for charity care reporting in the Illinois Community Benefits Act. Non-hospital applicants shall report charity care, at cost, in accordance with an appropriate methodology specified by the Board.

2. For the 3 fiscal years prior to the application, a certification of the amount of care provided to Medicaid patients. Hospital and non-hospital applicants shall provide Medicaid information in a manner consistent with the information reported each year to the Illinois Department of Public Health regarding "Inpatients and Outpatients Served by Payor Source" and "Inpatient and Outpatient Net Revenue by Payor Source" as required by the Board under Section 13 of this Act and published in the Annual Hospital Profile.

3. Any information the applicant believes is directly relevant to safety net services, including information regarding teaching, research, and any other service.

A table in the following format must be provided as part of Attachment 40.

SECTION X. CHARITY CARE INFORMATION (CHOW ONLY)

Charity Care information **MUST** be furnished for **ALL** projects [1120.20(c)].

1. All applicants and co-applicants shall indicate the amount of charity care for the latest three **audited** fiscal years, the cost of charity care and the ratio of that charity care cost to net patient revenue.
2. If the applicant owns or operates one or more facilities, the reporting shall be for each individual facility located in Illinois. If charity care costs are reported on a consolidated basis, the applicant shall provide documentation as to the cost of charity care; the ratio of that charity care to the net patient revenue for the consolidated financial statement; the allocation of charity care costs; and the ratio of charity care cost to net patient revenue for the facility under review.
3. If the applicant is not an existing facility, it shall submit the facility's projected patient mix by payer source, anticipated charity care expense and projected ratio of charity care to net patient revenue by the end of its second year of operation.

Charity care" means care provided by a health care facility for which the provider does not expect to receive payment from the patient or a third-party payer (20 ILCS 3960/3). Charity Care **must** be provided at cost.

A table in the following format must be provided for all facilities as part of Attachment 41.

ORDER NO.: 2000 000690924 SM

CONDITIONS

1. The term mortgage, when used herein, shall include deed of trust, trust deed, or other security instrument.
2. If the proposed Insured has or acquired actual knowledge of any defect, lien, encumbrance, adverse claim or other matter affecting the estate or interest or mortgage thereon covered by this Commitment other than those shown in Schedule B hereof, and shall fail to disclose such knowledge to the Company in writing, the Company shall be relieved from liability for any loss or damage resulting from any act of reliance hereon to the extent the Company is prejudiced by failure to so disclose such knowledge. If the proposed Insured shall disclose such knowledge to the Company, or if the company otherwise acquires actual knowledge of any such defect, lien, encumbrance, adverse claim or other matter, the Company at its option may amend Schedule B of this Commitment accordingly, but such amendment shall not relieve the Company from liability previously incurred pursuant to paragraph 3 or these Conditions.
3. Liability of the Company under this Commitment shall be only to the named proposed Insured and such parties included under the definition of Insured in the form of policy or policies committed for and only for actual loss incurred in reliance hereon in undertaking in good faith (a) to comply with the requirements hereof, or (b) to eliminate exceptions shown in Schedule B, or (c) to acquire or create the estate or interest or mortgage thereon covered by this Commitment. In no event shall such liability exceed the amount stated in Schedule A for the policy or policies committed for and such liability is subject to the insuring provisions and Conditions and the Exclusions from Coverage of the form of policy or policies committed for in favor of the proposed Insured which are hereby incorporated by reference and are made a part of this Commitment except as expressly modified herein.
4. This Commitment is a contract to issue one or more title insurance policies and is not an abstract of title or a report of the condition of title. Any action or actions or rights of action that the proposed Insured may have or may bring against the Company arising out of the status of the title to the estate or interest or the status of the mortgage thereon covered by this Commitment must be based on and are subject to the provisions of this Commitment.
5. *The policy to be issued contains an arbitration clause. All arbitrable matters when the Amount of Insurance is \$2,000,000 or less shall be arbitrated at the option of either the Company or the Insured as the exclusive remedy of the parties. You may review a copy of the arbitration rules at <<http://www.alta.org/>>.*

SECTION V. CHANGE OF OWNERSHIP (CHOW)

1130.520 Requirements for Exemptions Involving the Change of Ownership of a Health Care Facility

1130.520(b)(1)(A) – Names of the parties

The Applicants are:

- (i) Northwestern Memorial HealthCare (NMHC)
- (ii) Centegra Health System (Centegra)
- (iii) Northern Illinois Medical Center d/b/a Centegra Hospital – McHenry
- (iv) Northern Illinois Medical Center d/b/a Centegra Hospital – Huntley
- (v) Memorial Medical Center d/b/a Centegra Hospital – Woodstock

1130.520(b)(1)(B) – Background of the parties

Each of the Applicants, by their signatures on the Certification pages of this application, attest that they are fit, willing, able, and have qualifications, background, and character to adequately provide a proper standard of health service for the community.

By their signatures on the Certification pages of this application, each of the Applicants attest that no adverse action has been taken against any facility owned and/or operated by NMHC and/or Centegra during the three years prior to the filing of this application. For the purpose of this statement, the term "adverse action" has the meaning given to it in 77 IAC §1130.140.

1130.520(b)(1)(C) – Structure of the transaction

In the proposed transaction, NMHC will become the sole corporate member of Centegra. As such, NMHC will have the power and authority to govern, direct, and oversee the property, funds, business, and affairs of Centegra. The transaction will constitute an indirect change of control of Centegra's existing health care facilities, and therefore a change of ownership of the licensees (as defined in 77 IAC §1130.140).

1130.520(b)(1)(D) – Name of the person who will be licensed after the transaction

The proposed transaction, in and of itself: (a) will not affect any of the licensees' status as the licensee/operating entity of the existing health care facilities named above; and (b) will not change the legal entity that owns the "bricks and mortar" (buildings) of the existing health care facilities. The licensees will remain Northern Illinois Medical Center d/b/a Centegra Hospital – McHenry and Centegra Hospital – Huntley and Memorial Medical Center d/b/a Centegra Hospital – Woodstock.

1130.520(b)(1)(E) – List of the ownership or membership interests both prior to and after the transaction, including a description of the organizational structure

If the proposed transaction is approved, NMHC will become the sole corporate member of Centegra and the ultimate corporate parent of the NM System. Organizational charts for NMHC, Centegra and the proposed new NM System are included in ATTACHMENT-4.

1130.520(b)(1)(F) – Fair market value of assets to be transferred

In March, 2018, NMHC and Centegra engaged Principle Valuation, LLC to perform a business enterprise valuation of Centegra. The business enterprise value was determined using two primary appraisal approaches: 1) Income (Discounted Cash Flow) and 2) Market (Guideline Company and Guideline Transaction). Based on the results of their analysis, the business enterprise value of Centegra, net of long-term liabilities, was concluded to be in the range of \$82.2 million to \$116.2 million.

1130.520(b)(1)(G) – Purchase price or other forms of consideration to be provided

There is no acquisition price for this transaction; however, as of the closing, there will be a fund created with the unrestricted net cash position of the Centegra at closing. This fund will be used exclusively to support the mission of Centegra and benefit the health care needs of Centegra's geographic service area.

1130.520(b)(2) – Affirmation that projects for which permits have been issued have been completed or altered in accordance with the provisions of this Section

The Applicants affirm that any projects for which Certificate of Need or Certificate of Exemption permits have been issued have been completed or will be completed or altered in accordance with the provisions in Section 1130.520.

1130.520(b)(2) – Affirmation that the facility will not adopt a more restrictive charity care policy

The Applicants affirm that Northern Illinois Medical Center d/b/a Centegra Hospital – McHenry and Centegra Hospital – Huntley, and Memorial Medical Center d/b/a Centegra Hospital – Woodstock, will not adopt a more restrictive charity care policy than the policy in effect one year prior to the transaction and will maintain the compliant charity care policy for a minimum of two years following the change of ownership transaction.

1130.520(b)(2) – Statement of anticipated benefits of the proposed change in ownership to the community

The anticipated benefit of the proposed affiliation is that it will allow NMHC to expand regionally to service the health care needs of McHenry County and neighboring communities. This will enable the most advanced health care to be provided with the support of an integrated academic health system, including necessary tertiary and quaternary care.

The proposed affiliation intends to further expand an integrated network comprised of premier academic health enterprise and a successful, community-based health system that incorporates and builds upon the best elements of NMHC and Centegra's current health systems. Central to the vision of the NM System is the concept of "innovation", which includes:

- Innovation in developing, aligning, sharing, supporting, and adopting the use of best clinical and operational practices across the NM System;
- Innovation in provider relationships, whether through the integration of additional providers into the NM System, or relationships intended to support defined mutual interests for the benefit of the communities served;
- Innovation in the patient and family experience, so that exceptional care is rendered in an exceptional environment supported by exceptional staff and physicians;
- Innovation in advancing the boundaries of medical science, medical education, and clinical practice through the discovery and translation into clinical care, and dissemination of knowledge.

NMHC and Centegra will work to define and implement the affiliation in a manner that:

- furthers the charitable missions of NMHC and Centegra
- continues to improve access to comprehensive, convenient, high quality, lower cost inpatient and outpatient healthcare throughout the communities served by the NM System
- continues to improve and manage the health status of the population of the communities served by the NM System
- promotes community health and well-being through patient care, wellness, research and educational efforts
- builds the medical community through developing strongly-aligned relationships with primary care, core specialist, subspecialist, and group practice physicians
- enhances sound stewardship through the efficient delivery of all services, resulting in favorable financial performance for the NM System entities
- develops a comprehensive delivery system, emphasizing the efficacy of care, resulting in improved outcomes and quality of life for patients, recognition for quality and service excellence, and growth initiatives and service expansion opportunities for the NM System entities
- enhances physician, payor and patient preference
- enhances community benefit and public policy advocacy
- maintains all appropriate accreditation and all relevant and necessary federal, state and local licenses and permits

1130.520(b)(2) – Anticipated or potential cost savings, if any, that will result for the community and the facility because of the change in ownership

The proposed affiliation will present significant opportunities to improve health care delivery and access to services provided locally in the NM System's service area and will do so in an efficient manner that results in cost savings and other efficiencies which will ensure that the NM System can continue its charitable mission and purpose. Such opportunities will likely include initiatives for deployment of system-wide support functions, with the goal of enhancing operational uniformity, efficiency, and performance.

1130.520(b)(2) – Description of the facility's quality improvement program mechanism that will be utilized to assure quality control

Centegra and NMHC share a longstanding commitment to a culture of quality, safety, and service. By aspiring to the highest standards for quality and patient satisfaction, Centegra and NMHC continue to advance the commitment to delivering care that is of the highest quality, is evidence based, and eliminates preventable harm. It is anticipated that Centegra will integrate their quality plan with NMHC's quality plan after the closing of the proposed transaction. NMHC's quality plan is designed to align leadership, staff, and resources to accomplish defined quality improvement goals. The goals consider key components of the national quality agendas, value, and input from stakeholders both internal and external to the system including patients and their family members. NMHC follows a DMAIC-based approach to process improvement. DMAIC (Define, Measure, Analyze, Improve, and Control), the process improvement methodology from Six Sigma, is the "roadmap" that is followed on every improvement project.

1130.520(b)(2) – Description of the selection process that the acquiring entity will use to select the facility's governing body

As of the closing of the proposed transaction, the Board of Directors of Centegra and each of the Centegra hospitals will be identical (known as the "Northwest Region Board") and will be comprised of ten to fifteen individuals, with NMHC and Centegra each selecting half of such individuals before the closing. The NMHC Board will approve proposed candidates before the closing and elect approved candidates as of the closing. Vacancies on the Northwest Region Board will be filled in accordance with the bylaws of NMHC, Centegra, and the Centegra hospitals in effect.

1130.520(b)(2) – Statement that the applicant has prepared a written response addressing review criteria contained in 77 Ill. Adm. Code 1110.240

NMHC has prepared a written response addressing the review criteria contained in 77 Ill. Adm. Code 1110.240 that is available for public review on the premises of the health care facility.

1130.520(b)(2) – Description of any proposed changes to the scope of services or levels of care currently provided at the facility that are anticipated to occur within 24 months after acquisition

NMHC and Centegra intend for NM System patients to receive the right level of care, at the right location and to receive as much care as can be effectively and safely delivered close to home. The Centegra facilities and other NM System locations will offer the highest level of care that is clinically appropriate in the context of community need, patient safety, and NM System capability. NMHC and Centegra will evaluate, enhance, develop, and coordinate the provision of services across the communities the NM System serves to enable access to high-quality, cost-effective health care in the community.

SECTION VII. 1120.130 – FINANCIAL VIABILITY

NMHC has an Aa2 bond rating from Moody's Investors Service and an AA+ from Standard & Poor's Ratings Services. Attached are copies of NMHC's applicable bond rating statements.

Northwestern Memorial HealthCare, IL

New Issue - Moody's assigns Aa2 to Northwestern Memorial HealthCare's Ser. 2017A&B bonds; stable outlook

Summary Rating Rationale

Moody's Investors Service assigned Aa2 ratings to Northwestern Memorial HealthCare's (NMHC) proposed Series 2017A (\$525 million) and 2017B (\$162 million) bonds, both to be issued through the Illinois Finance Authority. The Series 2017A bonds are fixed rate with a maturity of 2047. The Series 2017B bonds are fixed rate with a maturity of 2057 and expected mandatory tender in 2022. NMHC's Aa2, Aa2/VMIG 1, and P-1 ratings are affirmed. The outlook is stable.

The Aa2 reflects our view that NMHC will maintain its prominent and growing market position in the Chicago region, strong investment position and good margins, manageable leverage, and a fully funded pension plan. The rating also incorporates challenges related to increasing competition in a consolidating market, potential dilution of a proposed merger, and comparatively moderate monthly liquidity.

The P-1 reflects NMHC's strong internal liquidity and processes to pay commercial paper maturities if needed. The VMIG 1 ratings reflect the availability of bank standby bond purchase agreements to fund unremarked tenders.

Exhibit 1

Strong Balance Sheet Maintained During Rapid Expansion

Source: Moody's Investors Service

Credit Strengths

- » Prominent and growing market position in the Chicago region, supported by favorable locations and affiliation with Northwestern University's Feinberg School of Medicine
- » Maintenance of very strong levels of cash and investments
- » Good operating cashflow margins sustained, as evidenced by 3-year average of about 13%, even during rapid growth period
- » Anticipate leverage to remain very manageable with favorably low debt-to-cashflow and high coverage metrics
- » Relatively low Medicare and Medicaid dependency, limiting exposure to cuts and delays
- » Fully funded pension plan and modest operating lease obligations
- » Ongoing disciplined approach to evaluating strategic alternatives and capital commitments

Credit Challenges

- » Increasingly competitive market with rapid consolidation and several large academic medical centers
- » Potential merger with Centegra Health System could dilute NMHC's metrics, depending on degree of improvement ahead of transaction close
- » High allocation to alternative investments, resulting in a low 48% monthly liquidity

Rating Outlook

The stable outlook is based on our expectation that NMHC will maintain strong operating cash flow margins, manage growth and integration risks with little disruption to operations, and maintain liquidity and debt metrics since capital spending can be funded with cashflow.

Factors that Could Lead to an Upgrade

- » Geographic diversification of cashflow
- » Significant increase in market share
- » Material and sustained improvement in operating margins, along with reduction in leverage
- » Stronger liquidity

Factors that Could Lead to a Downgrade

- » Large increase in leverage with weakening of debt metrics
- » Material decline in margins or investment position
- » Meaningful dilution from acquisition or merger

Detailed Rating Considerations

Market Position: Prominent and growing market position in competitive market

NMHC will remain a key prominent player in a highly competitive market. The hospital system will continue to grow, having already doubled in size from FYE 2014 to a \$4.8 billion regional system. NMHC will further expand its footprint if it acquires Centegra Health System, with which it signed a non-binding letter of intent to explore an affiliation in April 2016. Centegra is a \$560 million revenue system with hospitals in McHenry and Woodstock. Given Centegra's high leverage and sizable operating losses, the potential combination would be somewhat dilutive to NMHC financially, although geographically complementary. Centegra, however, has been executing a significant turnaround strategy to improve operating performance ahead of the merger with NMHC. Previous acquisitions will also help NMHC's presence. Its September 2014 affiliation with Cadence expanded and enhanced NMHC's locations in attractive and growing markets. Most business consolidation has been achieved. NMHC merged with KishHealth System December 2015 and Marianjoy Rehabilitation Hospital March 2016; these smaller organizations did not have a material financial impact on NMHC.

NMHC will continue to integrate and coordinate strategies with Northwestern University's Feinberg School of Medicine (FSM). A joint planning process and governance oversight structure coordinates activities for the school, the faculty practice plan and hospitals. Strategically, we believe closer integration will be positive toward advancing the strong brand of Northwestern Medicine and building on clinical capabilities.

The Chicago market will become more competitive as the pace of consolidation among hospitals increases. Advocate Health Network and AMITA are the largest competitors in terms of size. Most recently, Presence Health announced plans to divest Chicago-area hospitals to AMITA, which is a joint operating company formed by Ascension Health and Adventist Health System Sunbelt, Inc. If consummated, the combined system will be the second largest in the region. Competition for physicians will also intensify, including that from a large independent medical group with private investors. On a positive note, the state's strict Certificate of Need process will continue to reduce the presence of for-profit hospital companies.

Operating Performance, Balance Sheet and Capital Plans: Good margins and strong investment position

We expect NMHC to continue to enjoy generally good operating margins. This is supported by its ability to generate operating cashflow margins, averaging about 13% over three years, even during a period of rapid expansion.

Based on management's budget, NMHC will see a decline in FY 2018 margins, but will remain adequate for the rating category. We also expect margins to show improvement after FY 2018 as the decline will be driven by certain one-time investments. These include higher costs to complete IT installations, activation costs for the opening of the new replacement Lake Forest hospital and

an assumption for lower provider assessment monies in the event the program expires in June. Margins will be aided by the system's annual expense reduction targets to compensate for revenue pressures. Same-facility revenue growth will likely remain solid, having increased by about 6%-7% in fiscal years 2016 and 2017, due to higher supplemental Medicaid payments and volume growth.

LIQUIDITY

Over the coming year, NMHC will maintain a strong investment position, but liquidity will be lower than peers due to the asset allocation. Days cash on hand was 422 days at FYE 2017, providing a very good 340% unrestricted cash-to-total debt. Recent growth is due to operating performance and investment returns, which offset higher Medicaid receivables. Monthly liquidity was comparatively low at 48%, reflecting a heavy allocation to investments. NMHC will have minimal liquidity needs associated with swaps (limited collateral postings) and its pension, which is fully funded.

We expect capital spending to be manageable and funded with operating cashflow. Total capital spending is budgeted at \$460 million in FY 2018. The largest projects are a replacement hospital for Northwestern Lake Forest Hospital, expected to open in 2018, and the installation of an electronic medical record system. Certain facilities are already on parts of an electronic medical record, including the revenue cycle component; the project will bring all hospitals onto both clinical and revenue cycle systems by early 2018.

Debt Structure and Legal Covenants: Manageable leverage and debt structure risks

Following the proposed financing and cash defeasance of certain outstanding bonds, NMHC's par debt will decrease slightly and maximum annual debt service will decline. With revenue and cashflow growth, NMHC has deleveraged significantly over the last several years. NMHC leverage will be manageable based on favorably low 1.6 times debt-to-cashflow and over 10 times maximum annual debt service coverage based on annualized FY 2017 results. Debt-to-revenue is good at 30% for the same period. We do not anticipate incremental leverage in the next couple years, outside of merger-related debt.

DEBT STRUCTURE

NMHC has approximately 40% demand debt, including bonds supported by bank standby bond purchase agreements and private bank placements. The bank counterparties are diversified and expiration dates are staggered.

The P-1 rating reflects our view that NMHC will maintain strong daily liquidity and processes to pay maturing commercial paper if needed. The program is authorized at \$100 million; \$87 million is outstanding with \$27 million projected to be outstanding after the proposed offering. Although not legally restricted in the Issuing and Paying Agent Agreement, NMHC intends to limit maturities to \$60 million within any five business-day period. At October 31, 2017, NMHC had an ample \$452 million in daily liquidity.

DEBT-RELATED DERIVATIVES

NMHC's debt-related derivatives will pose minimal credit risk, given modest collateral posting requirements and NMHC's strong liquidity. At FYE 2017, NMHC had interest rate swaps with a total notional amount of \$383 million. NMHC posted minimal collateral at FYE 2017.

PENSIONS AND OPEB

NMHC's pension plan is fully funded.

Management and Governance

We expect the management team to continue to demonstrate a disciplined and detailed approach to evaluating strategic alternatives and capital commitments and ability to adapt to periods of moderate revenue growth with effective expense management strategies. These capabilities have allowed the system to integrate new hospitals during a rapid growth period while maintaining operating and balance sheet strength. Debt structure risks have been well managed with diversified counterparties and staggered commitment periods. NMHC's bank agreements have consistent covenants and reporting requirements.

Legal Security

Bonds and commercial paper are unsecured general obligations of the Obligated Group, including Northwestern Memorial HealthCare (parent), Northwestern Memorial Hospital, Northwestern Lake Forest Hospital, Northwestern Memorial Foundation, Northwestern Medical Faculty Foundation (dba Northwestern Medical Group), CDH-Delnor Health System, Marianjoy, Inc. and KishHealth System. The Obligated Group comprises virtually all of the NMHC's assets and revenues.

With the proposed financing, the system will enter into a Restated and Amended MTI. The MTI allows substitution of notes without bondholder approval, has no additional indebtedness tests, and modifies the debt service coverage covenant. An event of default occurs if the system fails to meet a 1.0 times coverage for two consecutive years, rather than one year as stated in the current MTI.

Use of Proceeds

Bond proceeds will be used to refinance certain existing bonds and commercial paper and provide funds to reimburse for prior capital spending.

Obligor Profile

NMHC's largest subsidiaries are noted in the Legal Security section. Northwestern Memorial Hospital is a major academic medical center located in the Streeterville neighborhood of Chicago, providing a complete range of adult inpatient and outpatient services, primarily to residents of Chicago and surrounding areas, in an educational and research environment. It is licensed for 894 beds. NMH is the primary teaching hospital for Northwestern University's Feinberg School of Medicine (FSM). The system operates sizable hospitals in the northern and western suburbs of Chicago.

Rationale

S&P Global Ratings assigned its 'AA+' long-term rating to the Illinois Finance Authority's series 2017A and 2017B revenue bonds, issued on behalf of Northwestern Memorial HealthCare (NMHC). At the same time, S&P Global Ratings affirmed its 'AA+' long-term rating on the authority's series 2013, 2009A, and 2009B bonds, and its 'A-1+' short-term rating on the authority's taxable commercial paper notes, series A. The series 2013 bonds were issued on behalf of NMHC, while the series 2009A and 2009B were issued on behalf of Northwestern Memorial Hospital (NMH).

The series 2017A bonds will initially be issued in fixed-rate mode and the 2017B bonds will initially be issued in long-term mode. The interest rate mode on the series 2017A and 2017B bonds may thereafter be converted to such modes as daily, two-day, weekly, short-term, long-term, fixed-rate, variable-rate, Window, flexible, direct purchase, or fixed mode.

S&P Global Ratings affirmed its 'AA+' long-term rating on the authority's series 2009 and 2009B fixed-rate revenue bonds issued for Central DuPage Health (CDH) and its underlying rating (SPUR) on the authority's series 2002A, 2002B, 2002C, and 2002D and 2003A, 2003B, and 2003C hospital fixed-rate revenue bonds issued for Delnor Community Hospital (Delnor). CDH and Delnor together previously operated as CDH-Delnor Health System, doing business as Cadence Health, and is a member of the NMHC obligated group. The outlook, where applicable, is stable.

S&P Global Ratings affirmed its 'AA+/A-1+' ratings, with stable outlooks, on Illinois Finance Authority's series 2007A-2 and 2007A-4 variable-rate demand revenue bonds, issued for NMH.

The long-term component of the ratings reflects the credit quality of NMHC, the obligor. The short-term component of the ratings reflects the SBPAs provided by TD Bank.

Each substitute SBPA has an effective date of Oct. 4, 2016. The substitute SBPAs provide coverage for principal and 35 days' interest at a maximum annual rate of 10% for the purchase price of bonds not successfully remarketed. The SBPAs provide coverage only for the bonds during the daily and weekly rate modes. The SBPAs are scheduled to expire on Oct. 4, 2019. At such time, we will withdraw the short-term component of the ratings unless the SBPAs are extended or terminated beforehand according to their terms.

S&P Global Ratings affirmed its 'AA+/A-1+' rating on the Illinois Finance Authority's series 2008A-1 and 2008A-2

variable-rate demand revenue bonds and its 'AA+/A-1' rating on the series 2007A-1 and 2007A-3 variable-rate demand revenue bonds, issued for Northwestern Memorial HealthCare (NMHC).

The long-term component of the ratings reflects the credit quality of NMHC, the obligor. The short-term component of the ratings reflects the standby bond purchase agreements (SBPAs) provided by The Northern Trust Co. and JPMorgan Chase Bank N.A.

The SBPAs provide coverage for principal and 35 days' interest at a maximum annual rate of 10% for the purchase price of bonds not successfully remarketed. The SBPAs provide coverage only for the bonds during the daily and weekly rate modes. The SBPAs are scheduled to expire on Oct. 4, 2020. At such time, we will withdraw the short-term component of the ratings unless the SBPAs are extended or terminated beforehand according to their terms.

The SBPA provider's obligations to purchase tendered bonds will automatically terminate upon the occurrence of certain events of default as set forth in the SBPAs, which we have reviewed and determined are consistent with our published criteria, including the lowering of the rating on the obligor to below 'BBB-'.

NMHC identified approximately \$678 million in assets (market value), of which approximately \$263 million is available same day, as of Oct. 31, 2017, to cover the maximum authorized \$100 million taxable commercial paper (CP) program. NMHC has internally set maturity restrictions of a maximum of \$60 million during a five-business day period. The internally set restrictions are not legally binding. In the event of a failed rollover, the assets identified in the portfolio would provide sufficient liquidity. The eligible assets include cash, fixed-income assets, and domestic equities. Upon a failed remarketing, NMHC has provided us with the operational procedures that will be followed to liquidate assets to provide for a timely payment of a CP maturity. S&P Global Ratings will provide monthly surveillance on the bonds.

The ratings continue to reflect our view of NMHC's sustained operational performance coupled with excellent balance sheet metrics. As a system, NMHC has successfully integrated new members into the organization. As of this analysis, NMHC has noted that it is reaping the benefits of operating more as a system than a federation of hospitals and thus has seen improved operations. With the sustained strong operations and prudent balance sheet management, NMHC continues to be able to spend capital on various projects, continue with the implementation of Project One (the Epic electronic medical record), and continue to see growth in its overall share of the Chicagoland market. NMHC still has in place an executed letter of intent to acquire Centegra Health System (CHS; BB+/Stable) with NMHC becoming the sole corporate member of Centegra. The affiliation, if finalized, will bring NMHC to a total of 10 hospitals and more than 100 locations covering eight counties. Finally, NMHC's management team maintained its solid balance sheet even amid continued investments in capital, and this helps NMHC remain an important provider in the very competitive Chicagoland market.

The 'AA+' rating continues to reflect our view of NMHC's:

- Strong liquidity while it continues to invest in capital projects and mergers/acquisitions;
- Solid pro forma maximum annual debt service (MADS) coverage as a result of the solid operations noted above and solid investment income for unaudited fiscal 2017;
- Outstanding governance and management, including the numerous benefits realized through affiliations with all Northwestern University-related entities, including the Feinberg School of Medicine; and
- Growing business position through its acquisition strategy.

Partly offsetting the above strengths, in our view, are NMHC's:

- Potential acquisition partner that has not performed at the strong level of operations that NMHC has historically added to the system; and
- Increasingly competitive service area, with provider consolidation continuing in the greater Chicago market.

The 'AA+' rating is based on our view of NMHC's group credit profile and the credit group's "core" status. Accordingly, we rate the bonds at the same level as the group credit profile.

The analysis and financial figures in this report pertain to the activities of NMHC, the sole corporate member of NMH, Northwestern Lake Forest Hospital (NLFH), Northwestern Medical Faculty Foundation (NMFF, doing business as Northwestern Medical Group, or NMG), Northwestern Memorial Foundation (NMF), Cadence Health, KishHealth and Marianjoy.

NMHC will utilize the proceeds of the series 2017A, coupled with cash, to refund all series 2009A (NMH), 2009 (CDH), and 2009B (CDH) outstanding, and \$59.8 million of commercial paper previously used to refinance Kish bonds. The proceeds of the series 2017B will be used to reimburse NMHC for eligible capital expenditures related to its Lake Forest replacement hospital. At the same time, NMHC will use approximately \$185 million of cash to defease other debt outstanding, including the NMH series 2009B, Delnor series 2002A, 2002B, 2002C, and 2002D, and Delnor 2003A, 2003B, and 2003C. We will withdraw our outstanding ratings on CDH and Delnor bonds once this is completed.

The revenue bonds are an unsecured general obligation (GO) of the NMHC obligated group, which consists of NMHC, NMH, NLFH, NLFH's not-for-profit subsidiary, NMF, NMG, and NMG's not-for-profit subsidiary. As of Nov. 25, 2014, Cadence Health, CDH, Delnor, and Cadence Physician Group became members of NMHC's obligated group and NMHC provided guarantees of the obligations of the Cadence Health obligated group for full and timely payment of the debt of the aforementioned entities. KishHealth and Marianjoy became members of the obligated group as of Dec. 18, 2015 and May 31, 2016, respectively.

Outlook

The stable outlook reflects our expectation that the system will continue to produce strong operations as NMHC's leadership continues to implement its overall strategy and as the market continues to consolidate.

Downside scenario

While it is not expected, if operations begin to trend negatively for a sustained period and capital spending begins to soften the balance sheet to a level more reflective of a lower rating, we could revise the outlook to negative or, if a sizable shift has occurred, lower the rating. Finally, because of market consolidation, a dilutive acquisition or a sustained decline in market position by NMHC could also affect the rating.

Upside scenario

A higher rating is unlikely within the outlook period given the already high rating and S&P Global Ratings' general view of risk in the health care sector and uncertainties around the impact of health care reform.

Enterprise Profile

Enterprise

NMHC is the corporate parent of NMH, NLFH, NMG, NMF, Cadence Health, KishHealth, and Marianjoy. NMH has a total of 894 licensed beds (841 staffed) in the Feinberg/Galter Pavilion and Prentice Women's Hospital. It is the primary teaching hospital for Northwestern University's Feinberg School of Medicine. NLFH is a 114-bed community hospital with more than 700 physicians who are board certified in 68 medical specialties and who are located in offices throughout Lake County. NMG has approximately 1,360 employed physicians, including 145 physicians from Northwestern Memorial Physicians Group, a primary care medical group practice that merged with NMG on May 1, 2014. NMHC also includes Northwestern Memorial Insurance Co., a subsidiary of NMH.

Northwestern University (AAA) is a separate corporation and is not obligated to repay debt service associated with the bonds, but we believe the university's Feinberg School of Medicine is integrally linked with NMHC through a shared strategic plan.

Cadence Health formally came together in April 2011. CDH is a 392-licensed-bed hospital and Delnor is a 159-licensed-bed hospital. CDH and its affiliates are located in Winfield, a western suburb of Chicago, and Delnor is located approximately 11 miles west of CDH. Other entities that are part of Cadence Health but are not part of the obligated group are Community Nursing Service of DuPage County Inc. (providing home health care and hospice), Cadence Physician Group (which employs more than 425 physicians, including the 23-member orthopedic group acquired in early fiscal 2013), and a few smaller entities with more limited operations.

KishHealth System's Kishwaukee Hospital is a 98-bed acute care hospital in DeKalb, Ill., with more than 250 physician members on the medical staff representing nearly every specialty. Kishwaukee Hospital opened its Joint Center in 2007 and added a Spine Center in 2013. The Valley West Hospital is a 25-bed critical access hospital in Sandwich, Ill., that has served the Fox Valley community for more than 70 years. In 2014, the hospital completed construction of a new patient wing and renovations to remaining areas, including a new MRI suite that is home to one of the only large bore MRI machines in the area.

Marianjoy Rehabilitation Hospital is located in Wheaton, Ill., and offers 100 acute inpatient rehabilitation beds and 27 Medicare-licensed sub-acute beds for adult and pediatric patients recovering from illness or injury who require intensive therapy to regain function and independence. The main hospital is a free-standing 170,000-square-foot facility with a number of niche inpatient and outpatient offerings, including specialty programs focused on treatment of stroke, spinal cord injury, brain injury, pediatrics, and orthopedic/musculoskeletal conditions.

Utilization

NMHC's leadership reports that the overall market has continued to see a decline in inpatient utilization. The decline is no different from that of the industry overall. For NMHC, despite the decline in the overall market, inpatient utilization has seen growth in fiscal 2017, as have outpatient registration and overall surgeries. Also, as the NMHC-aligned physicians' patients tend to remain within the system and NMHC continues to take advantage of the favorable geographic relationship of the hospitals and health care sites in the system, NMHC has been able to maintain its business position.

NMHC's primary service area market share (a seven-county area) equates to a 10% market share. NMHC's market share may seem modest, but admissions and related market share among other hospitals in the service area remain stagnant when consolidation is excluded. This, coupled with the expectation of further health care reform, results in more consolidations, with health systems and hospitals aligning to strengthen their competitive position.

Management

NMHC continues to have a strong leadership team. The team continues to produce strong operations and balance sheet measures while investing in its facilities. To date, NMHC has had no major missteps in aligning with the facilities that it has acquired over the years, including KishHealth and Marianjoy. NMHC utilizes an integration team that helps to assess the positives and negatives of an acquired entity. The team will then put together an integration plan to help NMHC and the newly acquired entity integrate with little to no interruption.

NMHC leadership remains focused on growth, as noted in its letter of intent to acquire Centegra. NMHC remains focused on system integration, as it has grown rather rapidly over the years. Project One is an example of the steps that NMHC has taken to become even further aligned. For NMHC, Project One is the vehicle to get the entire system onto one electronic medical record, Epic, and should be completed in fiscal 2018. The leadership team has already noted that it has begun to see some benefits from Project One. This, along with other measures, will help to increase efficiency.

Financial Profile

Operations

NMHC's financial performance has shown improvement for unaudited fiscal 2017. The leadership team attributes the improved operations to the synergies that have been achieved as NMHC operates more as a system as opposed to a federation of sites, the operational leverage that it has gained as it consolidates and improves acquired facilities, and the enhanced provider fee program in the state. NMHC has noted that for the operations to remain strong, the system will have to continue to reduce its expense base by 2% to 3% annually. However, the leadership team will look to also increase the top-line revenue base as it implements cost savings initiatives. As the state transitions more Medicaid recipients to managed Medicaid, NMHC continues to work to understand how to best manage this population as relates to the payers in the market.

NMHC is budgeting that fiscal 2018, with a 3.7% operating margin, will be softer than fiscal 2017 given that the leadership team is in the process of bringing on line the Lake Forest replacement hospital, continuing Project One, and conservatively assuming no benefits from the provider fee program. We believe that NMHC should easily achieve this budget based on historical performance and management's ability to adjust and respond to changes in the market and the system's operations.

With the strong operations and investment income, NMHC continues to post solid pro forma MADS coverage. For unaudited fiscal 2017, NMHC posted pro forma MADS coverage of 9.6x.

Balance sheet

As of Aug. 31, 2017, NMHC's pro forma leverage remained in line with that of other 'AA+' rated systems. For the same date, unrestricted reserves to pro forma long-term debt declined but remains at a level that is acceptable for the rating.

We expect that NMHC's financial flexibility will improve as capital spending winds down with the opening of the Lake Forest replacement hospital and the completion of the electronic medical record.

Contingent liabilities: Swaps, direct purchase debt, and other contingent liabilities

NMHC is a party to two floating- to fixed-rate swaps with a notional amount of \$204.8 million as of Aug. 31, 2017 one with a notional amount of \$102.4 million with Barclays as the counterparty and one with the same notional amount with JPMorgan Chase Bank as the counterparty.

Cadence is party to four floating- to fixed-rate swaps. Two swaps are with CDH, with Morgan Stanley Capital Services Inc. (guaranteed by Morgan Stanley) as the counterparty, for a current notional amount of \$123.3 million. The other two variable- to fixed-rate swaps are with Delnor, with Barclays as the counterparty, for a current notional amount of \$54.95 million.

As of Aug 31, 2017, there is \$330,000 of collateral posted for the swaps listed above.

NMHC through Cadence Health and KishHealth has additional contingent liability risk related to approximately \$184 million of direct purchase debt (series 2011A, 2011B, and 2011C for CDH and 2015A and 2015B for KishHealth). With the sufficient unrestricted reserves, S&P Global Ratings sees minimal risk time as relates to any acceleration of the aforementioned contingent debt.
