Dear Ms. Avery:

The above identified Certificates of Exemption address the changes of ownership of three End Stage Renal Disease ("ESRD") facilities; and this letter serves as confirmation that the projects have been completed. As you will recall, these changes of ownership were part of the change of ownership for Presence Health Network-owned hospitals, ambulatory surgical treatment centers and ESRD facilities, which occurred on March 2, 2018, and which is identified in the Narrative Description contained in each of the applications.

Should any additional information be required, please do not hesitate to contact me.

Sincerely,

Peg Wendell
Sr. Vice President and
General Counsel
