Narrative Description

In the space below, provide a brief narrative description of the change of ownership. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site.

On October 25, 2016 the Illinois Health Facilities and Services Review Board awarded a Certificate of Need ("CON") Permit (#16-032) for the establishment of a medical clinics building ("MCB") in Oak Brook, Illinois (the "Project"). The completion date for the Project is June 1, 2019; and the Project is progressing on schedule.

The applicants for this approved Project were Rush Oak Brook Orthopaedic Center, LLC ("ROBOC"), as the owner of the MCB and Rush University Medical Center ("RUMC"), as the hospital part-owner in ROBOC; both of which are named as applicants in this Certificate of Exemption ("COE") application (this "Application"). Also named as applicants in this Application are: 1) Rush System for Health, an affiliate of RUMC which was reorganized consistent with COE Permit #E-063-16, following the receipt and obligation of CON Permit #16-032, into the sole-corporate member of RUMC and parent entity of the Rush System and 2) Midwest Orthopaedics at Rush, LLC ("MOR"), as the proposed ultimate part-owner in the remaining ownership interests in ROBOC.

Project #16-032, as approved, currently has an ownership structure under which RUMC, through wholly-owned subsidiary Rush Oak Brook, LLC, holds a 50% ownership interest, and MOR, through wholly-owned subsidiary MOR West Suburban RE Ventures, LLC, holds a 50% ownership interest in ROBOC.

This COE Application proposes a change to the ownership structure of ROBOC to allow RUMC, through Rush Oak Brook, LLC, to hold a 65% ownership interest, and MOR, through MOR West Suburban RE Ventures, LLC, to hold a 35% ownership interest in ROBOC. Following the proposed change of ownership, RUMC and MOR, through their respective wholly-owned subsidiaries, will retain equal representation on the governing board of ROBOC.
