RE: Annual Progress Report
Permit #19-001
OAK Ambulatory Surgery Center
Bourbonnais, Illinois

Dear Ms. Avery:

The above-referenced Permit was issued by the HFSRB on June 4, 2019, and addresses the establishment of an ambulatory surgical treatment center ("ASTC") in Bourbonnais Illinois.

The scope of the project has remained generally consistent with that provided in the CON application, and the project continues to be funded as proposed in the CON application.

To date, approximately \$451,950 has been spent on the project, suggesting that the project is approximately 3% complete. The primary project components that have been completed include: preplanning, architectural and engineering design. Still to be completed are site preparation and construction.

Sincerely,

Paige E. Cripe
CEO
