Re: River North Center for Reproductive Health (Proj. No. 19-003)

Dear Mr. Constantino:

Pursuant to Section 1130.760 of the Illinois Health Facilities and Services Review Board ("HFSRB") rules, I am writing on behalf of River North Center for Reproductive Health, LLC and Fertility Centers of Illinois, S.C. (the "Permit Holders") to submit the annual progress report for its certificate of need permit to establish a limited specialty ambulatory surgical treatment center (the "Project"). The Permit Holders submit the following information regarding the progress of Project.

Construction and buildout of the surgery center is complete. On April 25th, the Illinois Department of Public Health ("IDPH") conducted the life safety code inspection, and the Permit Holders received its approval for permanent occupancy on May 7th. The Permit Holders are currently moving in equipment and supplies and training staff and anticipate submitting its survey ready letter to IDPH the week of May 27th. They communicated their plans to Karen Senger at IDPH and were informed that she would try to schedule the survey within 30 days of receipt of the survey ready letter.

To date, the Permit Holders have expended \$12.7 million on the Project.

If you need any additional information regarding the status of the project, please feel free to contact me.

Sincerely,

Anne M. Cooper
