Re: Riverside Ambulatory Surgery Center – Certificate of Need
Project No. 19-009
Notice of Completion

Dear Ms. Avery:

At its June 4, 2019 meeting the Illinois Health Facilities and Services Review Board approved the Certificate of Need to add orthopedics as a specialty at Riverside Ambulatory Surgery Center ("RASC") in Bourbonnais. RASC is an existing multi-specialty surgery center. There was no construction associated with the Project. An orthopedic procedure was performed on June 5, 2019 and we considered the Project to be complete at that time.

Please contact us with any questions.

Sincerely,

Paula M. Jacobi
