Re: Permit Application #19-017
Skin Cancer Surgery Center, LLC; O'Fallon
Expedited Review Request

Dear Ms. Avery,

My CON permit application for a single-room non-hospital based ambulatory surgery center (ASTC) was deemed complete on April 2, 2019 and subsequently scheduled for the September 17, 2019 State Board meeting. This date was set based on a 120-day review period. The request date for a public hearing expired on April 17, 2019 and, it is my understanding, no hearing was requested.

I would like to initiate the ASTC construction as soon as possible. This proposed new healthcare facility will solely support my office-based practice. As such, please accept this request for an expedited review to be heard before the Review Board at its August 6, 2019 meeting.

Please contact me at jmginness@dermskincancercenter.com or at 573-268-6330 with any questions.

Respectfully,

Jamie L. McGinness, M.D.
