Springfield, IL 62761

Re: Provident Hospital of Cook County  
Certificate of Need Application

Dear Ms. Avery,

I submit this letter in support of Cook County Health's (CCH) Certificate of Need application to construct a modernized replacement Provident Hospital facility.

As a partner to Provident Hospital in the Washington Park community, we recognize the need to bring a new modern facility to fill the medical needs of the residents in the South Side of Chicago. As an anchor institution in the African American community, Provident Hospital keeps being a good neighbor and providing access to people in need. From their yearly "4 Men Only" Health Fair in April to managing the first aid stations along the Bud Billiken Parade route, Provident Hospital's staff are committed to changing and improving people's lives.

As a Chicago Public School based in the South Side of Chicago, we have collaborated with Provident and can attest to the benefits that a new building will bring to the area. We understand that existing Provident Hospital building is dated and requires significant financial investment to modernize. Building a replacement Provident Hospital facility with expanded inpatient and outpatient services will allow Cook County Health to better invest limited financial resources while continuing to provide patients with comprehensive, high-quality healthcare and increasing access to care close to where they live. It will also eliminate the need for many existing Cook County Health patients to travel to Stroger Hospital for more complex care.

***Cortez McCoy, Interim Principal***

I am encouraged by the great future that this new facility, when approved and built, will bring to my/our community.

Thank you for your consideration.

Sincerely,

Sincerely,

**Mr. Cortez McCoy**  
Principal
