

OUR LADY OF MOUNT CARMEL  
Parrocchia Nazionale Italiana  
Archdiocese of Chicago

**RECEIVED**

APR 10 2019

**HEALTH FACILITIES &  
SERVICES REVIEW BOARD**

Melrose Park, Illinois April 9, 2019

Illinois Health Facilities & Services Review Board  
525 W Jefferson, 2<sup>nd</sup> Floor  
Springfield, IL 62761

To Whom It May Concern:

I, the undersigned Fr. Giovanni Bizzotto, C.S., pastor of Our Lady of Mount Carmel, attests that these letters against the closure of Westlake Hospital in Melrose Park, have been individually signed by our parishioners and members of our Parish of Our Lady of Mount Carmel in Melrose Park, Illinois with their full knowledge and consent of the issue. The community is very distrusted and hurt for the decision to close the Hospital, which is the only affordable and close by health facility for a large vulnerable portion of our community.

If you have any further questions or concerns, you may reach me at 708-344-4140 or [scalavoca@gmail.com](mailto:scalavoca@gmail.com).

Blessings,

  
Fr. Giovanni Bizzotto, C.S.  
Pastor

Springfield, IL 62761

To whom it may concern,

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purchase of a three hospital systems that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

Springfield, IL 62761

To whom it may concern,

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purchase of a three hospital systems that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

Print Name: Antonio Villega

To whom it may concern,

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purchase of a three hospital systems that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

Earlier this year, Pipeline Health finalized the purchase of a three hospitals' system that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials, religious leaders and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

Earlier this year, Pipeline Health finalized the purchase of a three hospitals' system that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials, religious leaders and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

To whom it may concern,

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purchase of a three hospitals' system that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials, religious leaders and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purchase of a three hospital systems that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

Earlier this year, Pipeline Health finalized the purchase of a three hospitals' system that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials, religious leaders and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials, religious leaders and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

To whom it may concern,

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purchase of a three hospital systems that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

To whom it may concern,

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purchase of a three hospital systems that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

Earlier this year, Pipeline Health finalized the purchase of a three hospital systems that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

*Teresa Affeo*

To whom it may concern,

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purchase of a three hospital systems that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

Springfield, IL 62761

To whom it may concern,

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purchase of a three hospital systems that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purchase of a three hospital systems that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

To whom it may concern,

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purchase of a three hospital systems that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

Springfield, IL 62761

To whom it may concern,

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purchase of a three hospital systems that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

To whom it may concern,

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purchase of a three hospital systems that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials, religious leaders and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

To whom it may concern,

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purchase of a three hospitals' system that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials, religious leaders and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

Earlier this year, Pipeline Health finalized the purchase of a three hospitals' system that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials, religious leaders and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,

To whom it may concern,

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purchase of a three hospital systems that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake hospital will take away access to health care to many communities just to boost the corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake to encourage the Health Facilities and Services Review Board to **block the closure of Westlake hospital.**

Sincerely,
