ShaRRon Boyd	Alsip, US	2019-07-30	"I can't tell ou people the number of times my life has been saved by this hospital. However, I can remember that eventful year when I was rushed to the hospital by ambulance 11 times over a 3-month period. It was under a different name at that time. I can tell you about the time they had to perform double bypass heart surgery as well. I can tell you about the time I died and had to be revived. If I had to travel further away, what do you think the outcome will be? This hospital is a vital part of Cal Park, Robbins, Posen, Riverdale, Crestwood, Blue Island, and other surrounding south suburbs. Putting signs in our windows and/or yards isn't going to do the trick because the only people seeing our hopelessness are the very same people who are affected. We need assistance from Springfield and perhaps Washington, D.C.It seems to me that this is very similar to the closing of schools in Black and Hispanic neighborhoods.At first I was puzzled as to why the hospital was mostly empty. Could it be that people"

Anjelica Brown	Chicago, IL	2019-07-31	"My mom is a nurse there"
RITA A smith	Glenwood, IL	2019-08-01	"My daughter was born here, this hospital is very much needed in our community. Many lives have been saved, many will need to be saved. Just think for a moment it could be mine, yours, your mother, father, sister, brother, best friend, husband, wife, anyone dear to our hearts .Metro South our Community and surrounding communities needs you."
AKILA LEONARD	Riverdale, IL	2019-08-01	"My family has been going there since it was St. Francis. My daughter was born there in 2014. I will be having surgery there in a week. It's a wonderful facility and I pray it can stay open."
Pierre Starks	Chicago, IL	2019-08-01	"I've needed to go to this hospital and family members as well"
Kesha Thornton	Blue Island, US	2019-08-02	"My son had a grand mal seizure at home. This was a very traumatic experience for us, especially since he is deaf, non-verbal and has other disabilities as well. The ambulance came and rushed us to Metro South Hospital, which is less than 10 minutes away from our home by ambulance. The staff in the ER was AWESOME! They calmed our fears and stabilized my son. This was 1 year ago this month. His epilepsy is controlled by medication and as a healthcare provider myself and mother of a now young adult with various healthcare issues having a hospital in our community is as essential the air we breathe. PLEASE SAVE METROSOUTH!!!"
Kieran Raimy	chicago, IL	2019-08-04	"This is the closest hospital that my aunt and uncle who DON'T have a vehicle can get to. It's also the hospital i was born in. You don't know how many people this will affect if you close this emergency center."
