In the space below, provide a brief narrative description of the project. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.

HSHS Holy Family Hospital, Inc., 200 Healthcare Drive, Greenville, Illinois, 62246, proposes to discontinue its four (4) bed inpatient Obstetrics / Gynecology Category of Service effective November 4, 2019.

The resulting redesign of the Women and Infants service line will provide expectant mothers the opportunity to receive the majority of their routine prenatal care visits and outpatient testing in Greenville, Illinois, and delivery and post-partum hospital care will be available at HSHS St. Joseph's Hospital in Breese, Illinois. Additionally, new mother and baby will benefit from a mother and baby program that provides additional education and wellness checks for reassurance following the transition home from the hospital. This regional maternal care program model provides mothers and their children ongoing access to quality pre-natal and post-partum care in Greenville.

The discontinuation is consistent with changes in national, regional and local healthcare delivery trends. The declining utilization of the Obstetrics and Gynecology Bed Category of Service at Holy Family is noted below:

OB / GYN Bed Utilization

2018 *	4	197	405	1.1	27.5

* Unpublished

The project is substantive under Section 1110.20 due to the fact it proposes to discontinue a bed category of service. (Section 1120.20 (c) (1) (B) (ii)

The following table summarizes our OB / GYN Bed Category of service utilization. REASONS FOR DISCONTINUATION

The applicant shall state the reasons for the discontinuation and provide data that verifies the need for the proposed action. See criterion 1110.130(b) for examples.

APPEND DOCUMENTATION AS ATTACHMENT 6, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Please reference the following page.

Reasons for Discontinuation

The primary reason is declining utilization of the birthing component of the HSHS Holy Family Hospital, Inc. women and infant program resulting from changes in the market, which include declining fertility and birth rates, as well as a decline in the overall population. Births in the US have fallen to their lowest level in 30 years and there are now approximately 60.3 births per 1,000 women ages 15 to 44. Additionally, the fertility rate has declined to approximately 1.76 births per woman over a 15-44 year lifetime which is below the population “replacement rate” estimated at 2.12 births per woman.
