RE: Exemption Extension for Project # E-039-19, Silver Cross Hospital and Medical Center,
New Lenox
Exemption Holder: Silver Cross Hospital and Medical Center, Silver Cross Health
System.

Dear Mr. Green:

On January 14, 2021, the Illinois Health Facilities and Services Review Board approved the exemption holder's request for an extension for the above-referenced project. Therefore, the exemption expiration date for this project has been extended until September 30, 2022.

Should the exemption holder determine that it will be unable to complete the project by September 30, 2022, the exemption holder may request another extension of the exemption. 77 IAC 1130.531(b) states that an exemption holder can request an extension providing the exemption holder can show the project has proceeded with due diligence.

The exemption holder is reminded that exemptions for projects which are not completed within the required time frame shall expire for lack of due diligence, unless renewed by the State Board. The exemption holder is also reminded of the other post-exemption requirements contained in 77 IAC 1130.570. Adherence to these requirements is essential in maintaining a valid exemption and is the sole responsibility of the exemption holder.

Should you have any questions, please contact Mike Constantino or George Roate at (217) 782-3516 and ask to speak to a staff person about post permit requirements.

Sincerely,

A handwritten signature in blue ink that reads "Courtney Avery".
