The proposed discontinuation is the result of a lack of demand for inpatient pediatrics services at the hospital, resulting in a census insufficient to support the operations of a designated pediatrics unit. During 2018, only six patients were admitted, and 17 patient days of care were provided. As seen in previous application to discontinue pediatric services there has been a greater reliance on outpatient care, particularly for children. Second, pediatric admissions are declining, state-wide. Between 2014 and 2017, admissions to pediatrics units in Illinois were down 21%. Third, there is a greater reliance on hospitals dedicated to the care of children for inpatient care. There are three children's hospitals located within ten miles of St. Bernard Hospital: University of Chicago/Comer Children's Hospital (2.5 miles), Advocate Children's Hospital (8.1 miles), and Lurie Children's Hospital (9.9 miles).

A final decision has not been made relating to the future use of the pediatric unit. The unit's equipment will be used in other areas of the hospital, donated to not-for-profit organizations, or discarded. Last, the unit's employees have or will be offered other positions at the hospital or affiliated programs.

The medical records of past patients will be retained by the hospital, consistent with licensure and accreditation requirements, as well as contemporary medical records retention practices.

#### **IV. Impact on Access**

The Applicant does not believe the proposed discontinuation will have a material impact on access for area residents. There are 13 pediatric providers within 10 miles of St. Bernard Hospital. Letters, requesting an impact assessment have been sent to the thirteen hospitals within the 10-mile GSA

- University of Chicago
- John Stroger Hospital
- St. Mary's Hospital
- St. Anthony Hospital
- Sinai Health System
- Rush University Medical Center
- Norwegian Hospital
- Mercy Hospital and Medical Center
- MacNeal Hospital
- Little Company of Mary
- Jackson Park Hospital
- Ann & Robert H. Lurie Children's Hospital of Chicago
- Advocate Christ Hospital

#### **V. Safety Net**

The Applicants stated the following:

*"St. Bernard Hospital has a long history of being a safety net provider, and because of the low utilization of pediatric services at the hospital in recent years, the proposed discontinuation will have no material impact on the hospital's commitment to being a safety net provider; nor will the proposed discontinuation have a material impact on other safety net providers. During 2018, charity care (per the IDPH definition) equaled 5.6% of the hospital's net revenue, compared to 4.5% for all Chicago hospitals and 2.1% state-wide in 2017. While the hospital is proposing to discontinue its pediatric category of service, the hospital will continue to provide a variety of clinical services to children. Among those services are care provided in the Emergency Department and Fast Track program, pediatric outpatient clinics through the SBH Immediate Care Center and Ambulatory Care Center, school physicals and immunizations through the hospital's Pediatric Mobile Medical Unit, special needs dental services, and ancillary services such as imaging and laboratory. In addition, St. Bernard Hospital is an active sponsor of and participant in a broad range of community programming. Examples include:*

- Pediatric Mobile Health Units that provide immunizations, screenings, physicals and health education programs throughout the south side of Chicago*
- African Festival of the Arts Chicago*
- Community Baby Shower, providing educational programming and gifts for expectant and new mothers*
- Annual Community Health Fair located in the parking lot of the Ambulatory Care Center"*

- *Englewood Back to School Parade*
- *Adopt a Family Christmas, providing food, clothing, and gifts*
- *Health Task Force of Englewood Quality of Life Plan, focusing on initiative to improve the quality of life in the community.”*

## **VI. Applicable Rules**

### **A) Section 1130.500 - General Requirements for Exemptions**

Only those projects specified in Section 1130.410 are eligible for exemption from permit requirements. Persons that have initiated or completed such projects without obtaining an exemption are in violation of the provisions of the Act and are subject to the penalties and sanctions of the Act and Section 1130.790.

#### **a) Application for Exemption**

Any persons proposing a project for an exemption to permit requirements shall submit to HFSRB an application for exemption containing the information required by this Subpart, submit an application fee (if a fee is required), and receive approval from HFSRB.

#### **b) General Information Requirements**

The application for exemption shall include the following information and any additional information specified in this Subpart:

- 1) the name and address of the applicant or applicants (see Section 1130.220);
- 2) the name and address of the health care facility;
- 3) a description of the project, e.g., change of ownership, discontinuation, increase in dialysis stations;
- 4) documentation from the Illinois Secretary of State that the applicant is registered to conduct business in Illinois and is in good standing or, if the applicant is not required to be registered to conduct business in Illinois, evidence of authorization to conduct business in other states;
- 5) a description of the applicant's organization structure, including a listing of controlling or subsidiary persons;
- 6) the estimated project cost, including the fair market value of any component and the sources and uses of funds;
- 7) the anticipated project completion date;
- 8) verification that the applicant has fulfilled all compliance requirements with all existing permits that have been approved by HFSRB; and
- 9) the application-processing fee.

HFSRB NOTE: If a person or project cannot meet the requirements of exemption, then an application for permit may be filed.

**B) Section 1130.525 - Requirements for Exemptions Involving the Discontinuation of a Health Care Facility or Category of Service**

a) Submission of Application for Exemption

Prior to any person discontinuing a health care facility or category of service, the person shall submit an application for exemption to the HFSRB, submit the required application-processing fee (see Section 1130.230), and receive approval from HFSRB.

b) Application for Exemption

The application for exemption is subject to approval under Section 1130.560, and shall include a written response addressing the review criteria contained in 77 Ill. Adm. Code 1110.130. The application shall be available for review on the premises of the health care facility.

c) Opportunity for Public Hearing

*Upon a finding that an application to close a health care facility or discontinue a category of service is complete, the State Board shall publish a legal notice on 3 consecutive days in a newspaper of general circulation in the area or community to be affected and afford the public an opportunity to request a hearing. If the application is for a facility located in a Metropolitan Statistical Area, an additional legal notice shall be published in a newspaper of limited circulation, if one exists, in the area in which the facility is located. If the newspaper of limited circulation is published on a daily basis, the additional legal notice shall be published on 3 consecutive days. The legal notice shall also be posted on the Health Facilities and Services Review Board's web site and sent to the State Representative and State Senator of the district in which the health care facility is located. [20 ILCS 3960/8.5(a-3)]*

**C) Section 1110.290 - Discontinuation – Review Criteria**

These criteria pertain to the discontinuation of categories of service and health care facilities.

a) Information Requirements – Review Criterion

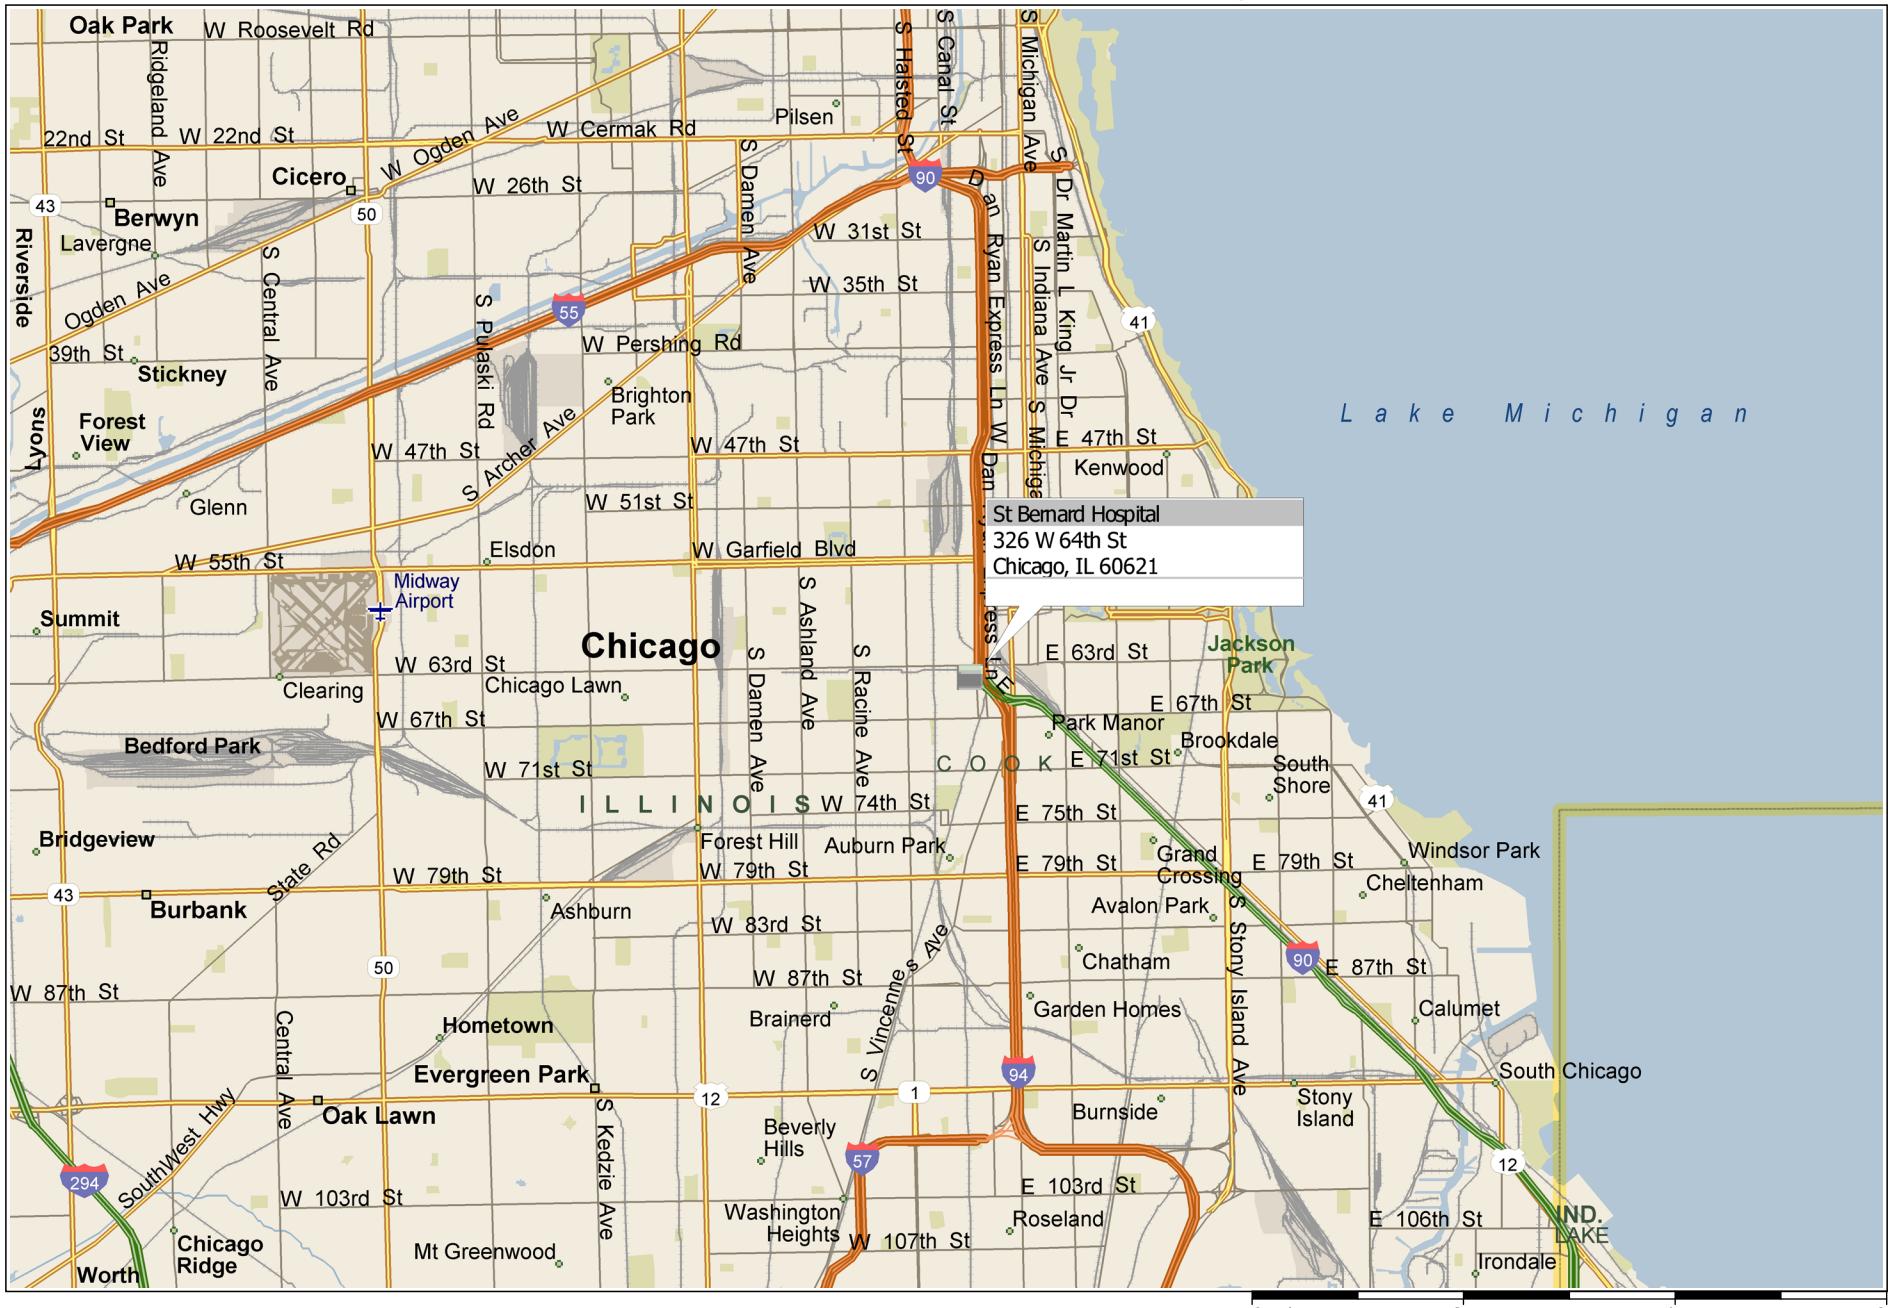

The applicant shall provide at least the following information:

- 1) Identification of the categories of service and the number of beds, if any, that are to be discontinued;
- 2) Identification of all other clinical services that are to be discontinued;
- 3) The anticipated date of discontinuation for each identified service or for the entire facility;

- 4) The anticipated use of the physical plant and equipment after discontinuation occurs;
  - 5) The anticipated disposition and location of all medical records pertaining to the services being discontinued and the length of time the records will be retained;
  - 6) For applications involving discontinuation of an entire facility, certification by an authorized representative that all questionnaires and data required by HFSRB or the Illinois Department of Public Health (IDPH) (e.g., annual questionnaires, capital expenditures surveys, etc.) will be provided through the date of discontinuation and that the required information will be submitted no later than 60 days following the date of discontinuation.
- b) Reasons for Discontinuation – Review Criterion
- The applicant shall document that the discontinuation is justified by providing data that verifies that one or more of the following factors (and other factors, as applicable) exist with respect to each service being discontinued:
- 1) Insufficient volume or demand for the service;
  - 2) Lack of sufficient staff to adequately provide the service;
  - 3) The facility or the service is not economically feasible, and continuation impairs the facility's financial viability;
  - 4) The facility or the service is not in compliance with licensing or certification standards.
- c) Impact on Access – Review Criterion
- The applicant shall document whether the discontinuation of each service or of the entire facility will have an adverse impact upon access to care for residents of the facility's market area. The facility's market area, for purposes of this Section, is the established radii outlined in 77 Ill. Adm. Code 1100.510(d). Factors that indicate an adverse impact upon access to service for the population of the facility's market area include, but are not limited to, the following:
- 1) The service will no longer exist within the established radii outlined in 77 Ill. Adm. Code 1100.510(d) of the applicant facility;
  - 2) Discontinuation of the service will result in creating or increasing a shortage of beds or services, as calculated in the Inventory of Health Care Facilities, which is described in 77 Ill. Adm. Code 1100.70 and found on HFSRB's website;

- 3) Facilities or a shortage of other categories of service at determined by the provisions of 77 Ill. Adm. Code 1100 or other Sections of this Part.
  - d) The applicant shall provide copies of notification letters sent to other resources or health care facilities that provide the same services as those proposed for discontinuation and that are located within the established radii outlined in 77 Ill. Adm. Code 1100.510(d). The notification letter must include at least the anticipated date of discontinuation of the service and the total number of patients that received care or the number of treatments provided (as applicable) during the latest 24 month period.

**Healthcare and Family Services**  
**Safety Net Hospital Determination**  
**Effective 10/1/2018 - 9/30/2019**

89 Illinois Admin Code, Section 149.100(f)(4) provides for a policy adjustment factor of \$57.50 per general acute care day for facilities that qualify as a safety-net hospital, as defined in 305 ILCS 5/5-5e.1, excluding pediatric hospitals as defined in 148.25(d)(3).

305 ILCS 5/5-5e.1 Criteria for safety-net hospital status:

- A Safety-net hospital is an Illinois hospital hospital that:
- (a) Is licensed by the Department of Public Health as a general acute care or pediatric hospital, **and**:
  - (b) Is a Disproportionate Share hospital, as described in Section 1923 of the federal Social Security Act, as determined by the Department, **and**:
  - Meets one of the following criteria:
  - (c) Has a Medicaid inpatient utilization rate (MIUR) of at least 40% and a charity percent of at least 4%, **or**:
  - (d) Has a MIUR of at least 50%
  - (e) Beginning July 1, 2012 and ending on June 30, 2020, a hospital that would have qualified for the rate year beginning October 1, 2011, shall be a Safety-Net Hospital.
