Mike,

The seven MRIs in the Annual Hospital Questionnaire data you shared below are as follows:

- Three MRIs in the Carle Foundation Hospital Center Building lower level. These are the ones that are impacted by the Project (two will be replaced in the new space and one will be relocated to the new space).
- One MRI in our Cancer Center
- One MRI in our Neuroscience Institute
- One MRI in our Emergency Department
- One MRI in Danville, IL (this is the leased one)

The five MRIs that we're requesting to locate in the basement of the bed tower are as follows:

- The three MRIs in the first bullet above
- One net new clinical MRI
- One net new 7 Tesla research MRI

The other four MRIs listed above will remain in their current locations.

Also, I have attached our most recent audited financial report.

Please let me know if you need anything else.

Thanks and stay safe.

Good Morning Collin:

below is what was reported on the profiles. You are requesting a total of 5 MRI's in the basement of the bed

tower.

A couple of questions:

The one MRI to be relocated where is that coming from and where is the leased MRI located.

Are the two remaining MRIs going to remain and if so where are they located.

Please email me your most recent audited financial report.

Thanks Collin. Stay safe
