December 9, 2020

Dear Board members,

Thank you for allowing me to present Michigan Ave Center for Health to the Board on Nov 5, 2020.

With the announcement of Mercy Hospital closing, we have reached out to the specialty surgeons on staff there. In November 2020, we sent out letters to the doctors announcing the potential opening of our ASC and the opportunity for Medical Staff privileges in 2021.

At this time we have one Mercy Hospital Pain Management physician that is very interested and their office is preparing the zip code study/referral letter. We await the responses from the other physicians.

We have looked into local hospitals to transfer patients if needed. There are 3 hospitals located less than 15 minutes away: Northwestern Memorial Hospital, 251 E Huron, University of Illinois Hospital, 1740 W. Taylor St and Dr. Chopra, one of our referring physicians, has privileges at Jackson Park Hospital, 7531 S. Stony Island Chicago.

Dr. Chopra has also submitted a letter to the board stating that he will not be doing any biplane imaging procedures at Michigan Ave Center for Health.

Sincerely

Vera Schmidt
Chief of Operations
Michigan Ave Center for Health, Ltd.

December 7, 2020

Dear Board members,

Thank you for allowing me to testify on November 5, 2020; I subsequently left the conversation after my presentation.

It has been brought to my attention that later in the meeting that one of the board members questioned Ms. Schmidt about biplane imaging procedures.

I will not be performing any biplane imaging procedures or any cardiac or head/neck biplane procedures at Michigan Ave Center for Health.

The most common procedures I intend to perform are:

- Uterine Fibroid Embolization (37243)
- Balloon Vein Dilation w/imaging (37248)
- Lumbar Joint Injection (64493)
- Sacral Joint Injection (64483)

Sincerely,

A handwritten signature in black ink, appearing to read 'Paramjit Chopra', with a stylized flourish at the end.

Paramjit Chopra, MD
