HEALTH FACILITIES &  
SERVICES REVIEW BOARD

8/27/20

Attention: Courtney Avery

Administrator

Illinois Health Facilities & Review Board

525 W Jefferson Street, 2<sup>nd</sup> floor

Springfield, IL 62761

**Opposition to CON Project 20-030 – Effingham Medical Office Building**

I am the Director of Operations and Business Development for HSHS Medical Group in Effingham, IL, and I respectfully urge the Review Board to deny this CON application as originally submitted. I would urge the Board to only approve the revised CON application for an appropriately-sized building that does not duplicate existing hospital services in the Effingham Community.

I feel that the redundancy of the service and redirection of the patients will cause job losses and service cuts at St. Anthony's Memorial Hospital. This will significantly reduce the many ways that the hospital currently supports the greater Effingham Community.

Respectfully,

Stacey Brummer
