**Re:Opposition to CON Project 20-030-Effingham Medical
Office Bulding**

**My wife and I are connected to this matter as we use the
critical health services of HSHS ST. Anthony's Hospital. We
urge the Review Board to deny the CON application as
submitted.**

**The redundancy of services and redirection of patients will
cause job losses and critical service cuts at St.Anthony's and
significantly reduce many of the ways the hospital supports
Effingham County and neighboring communities.**

Respectfully

Richard M. and Jeanette C. Chambers
