Dear Illinois Health Facilities and Services Review Board members,

I am writing in support of the newly proposed Sarah Bush Lincoln Bonutti Clinic (Effingham Medical Office Building #20-030).

I am often one of the first practitioners patients see at the Sarah Bush Lincoln Bonutti Clinic. They come to us seeking relief from pain and mobility issues. There is no greater pleasure than helping them to achieve a higher quality of life.

We use the MAKO robotic arm to assist in surgery. A key piece to using the MAKO is a CT image. The image is uploaded into the MAKO and it designates the surgical parameters to give the patient the best joint replacement fit for the knee and hip. Having the best CT equipment in our office is a time saver and a convenience for our patients. The new building will allow space not only for the new equipment and but for important upgrades.

Please accept this letter as an indication of my full support of Effingham Medical Office Building #20-030. I hope you agree with me.

Sincerely,

A handwritten signature in black ink, appearing to read "Nick Williams", followed by the letters "PA-C" in a stylized, cursive-like font.

Nick Williams, PA-C  
Orthopedic Practitioner
