Re: RESTORATIVE CARE INSTITUTE

Dear Ms. Avery:

On behalf of Restorative Care Institute, I am writing in support of Restorative Care Institute application for an 98 bed skilled nursing facility to be located at 50 East Huron, Chicago, Illinois. We anticipate Restorative Care Institute facility will be a critical discharge destination for ventilator patients. Restorative Care Institute facility will improve access to high quality post-acute care to patients needing ventilator care residing in the City of Chicago.

Over the past two years, 99 prospective residents have received post-acute care at the following skilled nursing facilities within the service area. Asbury Gardens anticipates 60 residents will be referred annually to Restorative Care Institute within 24 months of project completion.

Skilled Nursing Facility	2018 Referrals	2019 Referrals	Projected Referrals to Restorative Care Institute after Project Completion 5 per month (60)
Arista Care (60563)	12	15	
Grove of Fox Valley (60506)	21	19	
Alden (60640)	14	18	
Total	47	52	

These referrals have not been used to support another pending or approved certificate of need application. The information in this letter is true and correct to the best of my knowledge.

Asbury Gardens supports the establishment of Restorative Care Institute to increase access to post-acute services to patients residing in the City of Chicago.

Sincerely,

A handwritten signature in cursive script, appearing to read "Carlene Curalli".
