Dear Ms. Avery,

I am writing in support of Quincy Medical Group Hospital. Quincy Medical Group is committed to delivering the best healthcare to patients and we are proud to partner with them on this transformational effort.

Quincy Medical Group Hospital will be patient-centered, physician-led and state-of-the-art, expanding access to the latest high-quality healthcare services while reducing healthcare costs for everyone. It's exactly what our region needs.

Dear Ms. Avery,

I am writing in support of Quincy Medical Group Hospital because, as an employee of Quincy Medical Group (QMG), I believe it will allow us to provide patients with a choice and affordable access to the best care available.

With the new QMG hospital, our community will have more access to care. How many times have you seen the ER at Blessing backed up for hours or the floors of the hospital packed beyond capacity? It's not Blessing's fault, it's the lack of care facilities in Quincy. Being an expectant mother myself, I am so excited that there will be another option to give birth and have excellent post-partum care.

Families in Quincy will hopefully have a healthier future with this much access to care. Also, think about the jobs this will provide to the area. Doctors will be drawn here, medical and nursing students will be able obtain a competitive position right here in their hometown.

I am so excited to see this project come to life and I hope you are, too. I am so proud to be a part of a company that thinks forward.

Quincy Medical Group Hospital will be patient-centered, physician-led and state-of-the-art, expanding access to high-quality healthcare services while reducing healthcare costs. This is what we've been waiting for, what we deserve and need.

The new hospital will allow me to be cared for by my QMG doctor across all care settings, including an overnight hospital stay, if necessary. This improves the quality of my care and reduces my healthcare costs.

QMG has cared for our families and community for nearly 85 years. I trust QMG with my health and, with more than 1,000 employees and 18 existing practice sites across three states, QMG provides care where it's needed most.

QMG Hospital will help improve outcomes and ensure we have affordable access to the choice and care we need. I encourage you to approve Quincy Medical Group Hospital, Project #20-044.

Thank you,
