RE: Quincy Medical Group Hospital, Project #20-044

Dear Ms. Avery,

I am writing in support of Quincy Medical Group Hospital both as an employee, and a patient. Quincy Medical Group Hospital will be patient-centered, physician-led and state-of-the-art, expanding access to high-quality health care services while reducing health care costs. This is what we've been waiting for, what we deserve and need.

The new hospital will empower patients to continue care with their physicians of choice across all care settings, including an overnight stay in the hospital if necessary.

QMG has cared for our families and our community for nearly 85 years. As an employee and long time ^(719 years) patient of QMG, I trust Quincy Medical Group with my health and the health of my family. QMG has more than 1,000 employees and 18 existing practice sites across three states, QMG provides care where it's needed most.

The proposed small-format hospital ensures that we as patients, have affordable access to ~~the~~ choice and care we need. As an employee and long-time patient of Quincy Medical Group I encourage you to approve Quincy Medical Group Hospital, project #20-044.

Thank you,
Christina...
