Re: Quincy Medical Group Hospital, Project #20-044

Dear Ms. Avery,

We are writing in support of the new Quincy Medical Group Hospital.

This new facility will greatly enhance the medical service offerings in Quincy. The hospital being privately owned and led by the physicians brings much to the tri-state region.

New employment opportunities as well as additional tax revenues will result from the project. The new hospital will be using the latest technology and state of the art equipment with the goal of reducing cost while maximizing care for patients.

This proposed small-format hospital ensures that we have more choice and care we need.

We strongly encourage you to approve Quincy Medical Group Hospital project #20-044.

Thank you,

Steve Bergman

Re: Quincy Medical Group Hospital, Project #20-044

Dear Ms. Avery,

I am writing in support of Quincy Medical Group Hospital because, as an employee of Quincy Medical Group (QMG), I believe it will allow us to provide patients with a choice and affordable access to the best care available.

Quincy Medical Group Hospital will be patient-centered, physician-led and state-of-the-art, expanding access to high-quality healthcare services while reducing healthcare costs. This is the type of care we've been waiting to be able to provide in the inpatient setting.

The new hospital will allow QMG doctors to care for patients across all care settings, including an overnight hospital stay, if necessary. This improves the quality of care and reduces healthcare costs.

QMG has cared for families and the community for nearly 85 years. I am proud of the healthcare that we provide at QMG and, with more than 1,000 employees and 18 existing practice sites across three states, we provide care where it's needed most.

QMG Hospital will help improve outcomes and ensure more options for affordable access to the care patients need. I encourage you to approve Quincy Medical Group Hospital, Project #20-044.

Thank you,
Kyle Otten

Quincy Medical Group Hospital will be patient-centered, physician-led and state-of-the-art, expanding access to high-quality healthcare services while reducing healthcare costs. This is what we've been waiting for, what we deserve and need.

The new hospital will allow me to be cared for by my QMG doctor across all care settings, including an overnight hospital stay, if necessary. This improves the quality of my care and reduces my healthcare costs.

QMG has cared for our families and community for nearly 85 years. I trust QMG with my health and, with more than 1,000 employees and 18 existing practice sites across three states, QMG provides care where it's needed most.

QMG Hospital will help improve outcomes and ensure we have affordable access to the choice and care we need. I encourage you to approve Quincy Medical Group Hospital, Project #20-044.

Thank you,

Re: Quincy Medical Group Hospital, Project #20-044

Dear Ms. Avery,

As I resident who lives in the Quincy Mall neighborhood, I am writing in support of Quincy Medical Group Hospital. The hospital will be a well-designed facility that is a part of QMG's successful revitalization of the Quincy Mall, which benefits the mall neighborhood and our community.

Well-planned hospitals, like the QMG small-format hospital, support increased property values, attract a stable workforce, and improve the economics of a community by increasing demand for nearby property.

QMG has successfully revitalized property at the mall and has demonstrated their desire to be a good neighbor. QMG employees volunteered to pick up trash on National Community Cleanup Day in our neighborhood and my family was invited to a pizza party that QMG hosted as a thank you for welcoming them to the neighborhood. We've also been invited to a roundtable with QMG leadership to learn more about QMG Hospital and to provide input as a neighbor of the facility.

QMG Hospital will be patient-centered, physician-led and state-of-the-art, expanding access to high-quality healthcare services while reducing healthcare costs. QMG's focus on improving care for patients, and revitalization of our community is already proven with the new QMG Cancer Institute and Surgery Center and will continue with QMG Hospital.

I encourage you to approve Quincy Medical Group Hospital, project #20-044.

Thank you,
