Re: Quincy Medical Group Hospital, Project #20-044

Dear Ms. Avery,

I am writing in opposition of Quincy Medical Group Hospital. The middle of a pandemic is not the time to disrupt an already fragile healthcare system in this region or to put additional strain on the healthcare safety net.

Twenty one percent of rural hospitals are at risk of closing. Opening an additional hospital, during this time, is an unnecessary gamble in a region that does not have a demonstrable need for additional hospital beds. Our community is already over bedded by at least 75 beds. A small-format hospital, would not increase choice or quality of care, instead it would strain an already limited talented pool and resources, diminishing our ability to receive consistent, high quality care.

Blessing Health System has been a strong leader in our community and was on the frontlines in battle against the COVID-19 pandemic. Blessing has worked tirelessly over the past 11 months to keep all of our communities safe and healthy. Because of their deep connections to the community and relying on their first in class experts, Blessing acted quickly and smartly. They renovated their facility to create 87 rooms with the ability to care for up to 130 patients requiring negative pressure isolation, they also set up a hotline staffed by registered nurses who help callers with questions about COVID-19, including discussing any symptoms they might be experiencing and they also stood up a drive-thru facility for COVID-19 testing.

The proposed small-format hospital is not needed and would only add stress to our region's healthcare system. I encourage you to oppose Quincy Medical Group Hospital, project #20-044.

Thank you,
Cathy Campbell

Twenty one percent of rural hospitals are at risk of closing. Opening an additional hospital, during this time, is an unnecessary gamble in a region that does not have a demonstrable need for additional hospital beds. Our community is already over bedded by at least 75 beds. A small-format hospital, would not increase choice or quality of care, instead it would strain an already limited talented pool and resources, diminishing our ability to receive consistent, high quality care.

We do not need a second hospital in our community, we do not have the population to appropriately support it. Twenty one percent of rural hospitals are at risk of closing. Opening a second hospital, during this time, is an unnecessary gamble in a region that does not have a demonstrable need for additional hospital beds. A second hospital would not increase choice or quality of care, instead it would strain an already limited talent pool and resources, diminishing our ability to receive consistent, high quality care.

The proposed small-format hospital is not needed and would only add stress to our region's healthcare system. I encourage you to oppose Quincy Medical Group Hospital, project #20-044.

Re: Quincy Medical Group Hospital, Project #20-044

Dear Ms. Avery,

I am writing in opposition of Quincy Medical Group Hospital. The middle of a pandemic is not the time to disrupt an already fragile healthcare system in this region or to put additional strain on the healthcare safety net.

Blessing serves everyone, regardless of their income and ability to pay. They don't turn anyone away, they never have and never will. They combine the latest technology with a personal touch to deliver high quality, patient centered care, close to home. They are the most advanced medical center in 100-mile radius.

We do not need a second hospital in our community, we do not have the population to appropriately support it. Twenty one percent of rural hospitals are at risk of closing. Opening a second hospital, during this time, is an unnecessary gamble in a region that does not have a demonstrable need for additional hospital beds. A second hospital would not increase choice or quality of care, instead it would strain an already limited talent pool and resources, diminishing our ability to receive consistent, high quality care.

The proposed small-format hospital is not needed and would only add stress to our region's healthcare system. I encourage you to oppose Quincy Medical Group Hospital, project #20-044.

Thank you,

Re: Quincy Medical Group Hospital, Project #20-044

Dear Ms. Avery,

I am writing in opposition of Quincy Medical Group Hospital. The middle of a pandemic is not the time to disrupt an already fragile healthcare system in this region or to put additional strain on the healthcare safety net.

I am concerned that a second, unnecessary hospital will have an adverse impact on the over 17,000 people in Adams County who rely on Medicaid for their healthcare. Blessing serves everyone, regardless of their income and ability to pay. They don't turn anyone away, they never have and never will. The second hospital does not guarantee that those in need will receive care.

The proposed small-format hospital is not needed and would only add stress to our region's healthcare system. I encourage you to oppose Quincy Medical Group Hospital, project #20-044.

Thank you,

I am concerned that a second, unnecessary hospital will have an adverse impact on the over 17,000 people in Adams County who rely on Medicaid for their healthcare. Blessing serves everyone, regardless of their income and ability to pay. They don't turn anyone away, they never have and never will. The second hospital does not guarantee that those in need will receive care.

There is no need for two hospitals by any means.

The proposed small-format hospital is not needed and would only add stress to our region's healthcare system. I encourage you to oppose Quincy Medical Group Hospital, project #20-044.
