Re: Quincy Medical Group Hospital, Project #20-044

Dear Ms. Avery,

I am writing in support of Quincy Medical Group Hospital. Quincy Medical Group Hospital will be patient-centered, physician-led and state-of-the-art, expanding access to the latest high-quality healthcare services while reducing healthcare costs.

The new hospital will empower patients to continue care with their physician of choice across all care settings, including an overnight stay in the hospital, if necessary. This improves the quality of care and clinical outcomes while reducing costs and ensuring the highest level of patient satisfaction.

The physicians, nurses and staff of QMG have cared for our families and community for nearly 85 years. With more than 1,000 employees and 18 existing practice sites across three states, QMG provides care where it's needed most.

The proposed small-format hospital ensures we have the choice and care we need. I encourage you to approve Quincy Medical Group Hospital, project #20-044.

Thank you,

Re: Quincy Medical Group Hospital, Project #20-044

Dear Ms. Avery,

I am writing to express my support for the approval of a Quincy Medical Group Hospital. As a practicing comprehensive ophthalmologist and cataract surgeon in Quincy, IL, I am at the forefront of delivering medical care to this community. I grew up and still live in this community and my patients are my neighbors. I have seen many patients who desire alternative options regarding the hospital-based care. They currently have no alternative for hospital-based care. I have even had several patients state that they would "die before returning to" the current hospital. While this sounds drastic, it reflects the fact that patients have no local alternative option for hospital care. We intend to change this.

My support for Quincy Medical Group's Hospital is based not on retaliation or malice; it is based on offering patients an unparalleled low-cost local healthcare option. This effort does not benefit me personally. Patients of the community deserve to have a choice. They deserve to have lower cost healthcare. They deserve quality healthcare. We intend to provide all of that to patients. Please feel free to reach out to me if there are any questions. Thank you for your time and consideration.

Respectfully Submitted,

Abram Geisendorfer, M.D.

Dear Ms. Avery,

I am writing in support of Quincy Medical Group Hospital because patients like me deserve choice and affordable access to the best care available.

Quincy Medical Group Hospital will be patient-centered, physician-led and state-of-the-art, expanding access to high-quality healthcare services while reducing healthcare costs. This is what we've been waiting for, what we deserve and need.

The new hospital will allow me to be cared for by my QMG doctor across all care settings, including an overnight hospital stay, if necessary. This improves the quality of my care and reduces my healthcare costs.

QMG has cared for our families and community for nearly 85 years. I trust QMG with my health and, with more than 1,000 employees and 18 existing practice sites across three states, QMG provides care where it's needed most.

QMG Hospital will help improve outcomes and ensure we have affordable access to the choice and care we need. I encourage you to approve Quincy Medical Group Hospital, Project #20-044.

Thank you,

Kimberly A Mast
