RE: Quincy Medical Group Hospital, Project #20-244

DATE: March 25, 2002

Dear Ms. Simmons,

I am writing to express my support of the Quincy Medical Group (QMG) Hospital. As a member of this community I believe the QMG Hospital will be beneficial to the Tri-State area for a variety of reasons.

First and foremost, the proposed QMG Hospital will offer the community the opportunity to receive the best possible healthcare from their provider of choice. Quincy, IL is the hub of a much larger community and the QMG Hospital will increase the availability of quality healthcare not only for the city of Quincy, but the outlying area as well. As a resident of Pike County, IL many of my healthcare needs are met in Quincy. I would appreciate the opportunity to receive these services in a hospital led by the QMG physicians that I trust.

In addition, I believe the QMG Hospital will lead to lower healthcare costs not only for myself and my family, but the entire area. This benefits not only the people of the community, but the many employers who offer healthcare benefits to their employees will also recognize the savings. The monopoly created by having only one hospital in the community leaves our citizens no choice but to pay whatever inflated prices they are charged for healthcare services.

Our community would also experience other positive changes as the result of the QMG Hospital, including the creation of local jobs through construction and permanent hospital positions. An increase in the area's population would also provide a boost to the local economy and our many small businesses.

**Please VOTE YES to approve the QMG Hospital, Project #20-244.**

Sincerely,
