RE: Quincy Medical Group Hospital, Project #20-244

Dear Ms. Simmons:

I am writing in support of the Quincy Medical Group (QMG) Hospital. I feel that as a healthcare consumer, I deserve choices. I do not feel that one entity should control my health care options. I believe that competition creates a better experience for the consumer, from quality of care to competitive pricing. In addition, I think the repurposing of the Quincy Town Center for healthcare will provide additional economic benefits for our area, from jobs to other business opportunities that will develop from the QMG Hospital.

I feel like the QMG Hospital will benefit our greater region with increased health care options, and that we as consumers deserve that choice. It should not be chosen for me by one monopoly healthcare system.

Please, give us a choice in West Central Illinois.

Respectfully,

Shellie M. Mittermeyer

Re: Quincy Medical Group Hospital, Project #20-044

Dear Ms. Avery,

I am writing in support of Quincy Medical Group Hospital because, as an employee of Quincy Medical Group (QMG), I believe it will allow us to provide patients with a choice and affordable access to the best care available.

Quincy Medical Group Hospital will be patient-centered, physician-led and state-of-the-art, expanding access to high-quality healthcare services while reducing healthcare costs. This is the type of care we've been waiting to be able to provide in the inpatient setting.

The new hospital will allow QMG doctors to care for patients across all care settings, including an overnight hospital stay, if necessary. This improves the quality of care and reduces healthcare costs.

QMG has cared for families and the community for nearly 85 years. I am proud of the healthcare that we provide at QMG and, with more than 1,000 employees and 18 existing practice sites across three states, we provide care where it's needed most.

QMG Hospital will help improve outcomes and ensure more options for affordable access to the care patients need. I encourage you to approve Quincy Medical Group Hospital, Project #20-044.

Thank you,

Dear Ms. Simmons,

I am a member of the Quincy City Council as the 4th ward alderman. I have been dedicated to serving this community for many years, and truly have the best interest of this city at heart. I regularly have opportunities to meet and speak with people about their day-to-day challenges. Many of our citizens face economic hardships, often brought on by health problems, and expenses that result from those problems. The cost of healthcare in this community is higher than most other areas of the state, causing some to seek care elsewhere. Our healthcare community greatly needs competition. A second hospital would promote competitive pricing, choice, and increased quality of care that would greatly benefit the people of this community.

QMG Hospital will also bring economic development. Reinvigoration of the former Quincy Mall would provide much needed development to a declining location in the center of town. The hospital would create good paying local jobs and career opportunities.

As a long-standing patient at QMG. I have high regard for the caring and dedicated providers that serve this organization. They genuinely care about their patients.

Please VOTE YES to approve the QMG Hospital, Project #20-244.

Sincerely,

Re: Quincy Medical Group, Project #20-044

Dear Ms. Simmons,

I am writing in support of the Quincy Medical Group (QMG) Hospital.

I have been employed as a board-certified Nurse Practitioner (NP) in Hematology/Oncology for Quincy Medical Group for 13 years. My immediate family owns a local restaurant in Quincy – we have been in business, in the same location, since 1928 (94 years and counting). This is somewhat relevant, in that our restaurant borders Blessing Hospital property. We are one of about 2 or 3 remaining properties that have not been purchased by Blessing Hospital over the years.

Quincy Medical Group has always been one of the major business innovators in our community and I am beyond excited about the prospect of QMG starting a new hospital for our region. I view the QMG Hospital project through the eyes of a lifelong Quincy resident, a healthcare provider, and a 3rd generation local family business owner. Quincy is touted as a regional medical hub and the population we serve deserves to have a choice when it comes to where they receive their medical care. It is a widely held opinion (in the Quincy community and beyond) that Blessing Hospital has attempted to monopolize healthcare delivery in our community. The QMG hospital would provide some much needed competition in the area and would ultimately result in more affordable care for patients.

The QMG Hospital would not only provide an affordable choice in hospital care, but it would also contribute to the economic development of our community. It would encourage additional recruitment of QMG physicians and their families to the area, as well as attract more healthcare workers and patients. A project such as this is sure to create local jobs through construction of the hospital and the need for permanent hospital employees. I, like many, am invested in the Quincy community. I was born and raised here, as was my husband; our parents, siblings, and adult children live and work here. We own a family business here. My daughter is currently completing her second year of nursing school and plans to marry once she graduates. The QMG Hospital would provide additional opportunities for healthcare careers for her and others like her. It would provide our community's children and grandchildren more reasons to stay in Quincy. I encourage you to approve Quincy Medical Group Hospital, project #20-044.

Thank you,

March 20, 2022

To Whom It May Concern:

My name is Megan Bross and I am writing to express my concerns that the Certificate of Need for the QMG Hospital and QMG Birth Center has been rejected. I am a long-time patient of Quincy Medical Group; I've also been hospitalized at Blessing Hospital. I'd like to tell you about some of my experiences at both. First, the quality of care of Quincy Medical Group is exceptional, similar to that at Barnes Jewish Hospital and Clinics and Mayo Clinic (of which I've been a patient at both). The physicians, advanced practice providers and the rest of the care team at Quincy Medical Group provide stellar care and service. Blessing's quality of care isn't terrible, but it is not something I would describe as exceptional. I will not send my family members to Blessing Hospital, the care is better at other hospitals in the region. In my experience at Blessing, things slip through the cracks, it takes the nursing staff too long to respond to an urgent call while you're an impatient and the competency of many of the physicians at Blessing Hospital is questionable; I do not trust their ability to provide excellent, and more importantly, knowledgeable care; and I'm speaking about actual Blessing physicians, not the physicians from Quincy Medical Group who see their own patients at Blessing.

The second item I'd like to address is the fees. I've had surgeries at QMG Surgery Center, as well as at Blessing Surgery center, even very recently, and the charges for the facility fees at Blessing are nearly three times the cost at QMG. Unfortunately in my particular case most recently, I had to have my procedure at Blessing Surgery Center. I can't speak to the fees at a potential QMG Hospital, but I certainly can at Blessing. Six days of inpatient stay, no tests except for blood work a couple of times, no IV meds, no ventilator or invasive/noninvasive procedures, was over \$60,000 before insurance. If I didn't have insurance, I would have had to pay that entire amount, which just makes me sick to think about. You see, not considering the differences in the quality of care, Blessing Hospital is the only hospital in town; they can charge any amount they want because our community does not have a choice. That is what concerns me greatly; there is no oversight or competition that would require Blessing Hospital to have competitive pricing. Patients are getting price gouged because there are no checks and balances in place.

Patients should have a choice and the fact that another medical group in town wants to provide some of the same services as Blessing, pardon the pun, is a blessing. There are so many communities where there is no choice, which is a serious disservice to patients. Our region is fortunate enough to have two entities who want to provide hospital and birthing care to the communities that are all around us. Having two hospitals in Quincy will help Quincy become a serious player in the healthcare community. Both facilities will be able to recruit better physicians and more specialties, as well as creating more badly needed jobs.

I implore you to reconsider your decision regarding the Certificate of Need for the Quincy Medical Group Hospital and the Quincy Medical Group Birth Center. I don't think I'm the only one in the area that has had the same experience or feels the same. Thank you for your time.

Best Regards,

Megan Bross

Re: Quincy Medical Group Hospital Project #20-244

On February 11, 2022, I had total hip replacement done on my left hip. Due to a Prostrate problem, I was forced to go the Emergency Room at the only hospital close. It was determined that my bladder was full, at which time they put a catheter in. Over 6 hours later, I was released after a long night of test which I feel were totally unnecessary, and I received the attached billing. The billing says it all, if they determined it was bladder problem, but did a CT body scan and a chest X-ray, why. That says it all, no competition, no price control.

I am 76 years old, retired, and was in the business world my whole life. Competition is required in the business world to keep cost down and health services affordable to everyone. What we have going on in Quincy is not competitive pricing.

I, like so many other Senior citizens, cannot afford to get health services at the rates being charged in Quincy, Illinois. We need another Hospital. I hope you take this into consideration when reviewing Quincy Medical Groups request.

Sincerely

March 31, 2022

Dear Ms. Simmons,

I am writing in support of the Quincy Medical Group (QMG) Hospital because, as a member of this community, I believe the QMG Hospital will:

- provide our community's children and grandchildren more reasons to stay in Quincy
- break up the monopoly of only one hospital and the chokehold that places on the community
- provide the community a choice in affordable hospital care led by QMG physicians.

Both my husband and I had to utilize the Emergency Department of our current community hospital in 2021, and I also accompanied my mother when she needed emergent care, so I have first hand knowledge of Quincy's current hospital situation. Obvious inefficiencies leave patients with long waits in both the waiting room and exam rooms. The care suffers because most of the time you were alone in the exam room with no care at all being given, and then the charges were exorbitant. One of my husband's tests cost four times what it would have cost to have the test done as an outpatient at QMG. I believe we need some competition in this market to hold all parties accountable.

Please VOTE YES to approve the QMG Hospital, Project #20-244.

3/24/2022

Dear Ms. Simmons,

I am writing in support of the Quincy Medical Group (QMG) Hospital because the Quincy community and surrounding area needs a choice in a hospital. The QMG Hospital will be a regional hub for innovative and affordable care. My family, and me and employers will save on healthcare costs. This project will also support new jobs, advance provider recruitment, allow for training of future healthcare workers. I have experienced Blessing Hospital inflated charges and bureaucracy which negatively impacted patient care. The QMG Hospital will provide the community with affordable hospital care led by QMG physicians. This project will positively impact the Quincy community and surrounding area.

Please vote YES to approve the QMG Hospital, Project #20-244

Attention: April Simmons regarding project #20-244

I personally have had to wait for surgery since rooms at Blessing Hospital are allotted to their surgeons first before QMG surgeons. At times doctors working at Blessing are called in to treat patients before the patient's regular doctor has been notified that their patient is in the hospital. This sometimes leads to mistakes.

If the new QMG facilities are approved, it would create more jobs in Quincy. Also, QMG will be using a previous built structure instead of it standing empty. This facility will be owned by QMG physicians. I believe it would attract more doctors to our small town including specialists. The facility would offer on job training to local students wanting to enter the health field.

Please vote yes to approve QMG Hospital project #20-244, since it would be a great asset to our community.

Re: Quincy Medical Group Birth Center, Project #21-029

Date: 3/30/22

Dear Ms. Simmons,

I am writing in support of Quincy Medical Group Birth Center because, as an employee of Quincy Medical Group (QMG), I believe it will allow us to provide patients with innovative and affordable access to the best care available.

Now, more than ever, women and families are seeking out-of-hospital births. This birth center will provide a home-like setting and provide patients a choice on the type of birthing experience they would like with the comfort and safety that expecting families desire.

Not only do birth centers lower the cost of birth expenses, but they provide enormous health benefits. Birth centers also aim to reduce the staggering health disparities that exist for indigenous pregnant individuals and are successfully making a difference around the country. The Covid-19 crisis has highlighted even more the importance of community-based care settings like birth centers keeping healthy folks out of the hospital and help to reduce the transmission to vulnerable populations like pregnant clients.

This birth center will be an asset to the Quincy and surrounding communities. It will provide a dedicated place for physicians and certified nurse midwives to practice as well as increase job opportunities for nurses and needed support staff. This center will also be a community hub for prenatal education, prenatal fitness, and a gathering space for organizations serving expecting families. I encourage you to strongly consider support for this birth center project.

Sincerely,

RE: Quincy Medical Group Hospital, Project #20-244

DATE: MARCH 30, 2022 (must be submitted by April 6, 2022)

Dear Ms. Simmons,

I am writing in support of the Quincy Medical Group (QMG) Hospital because, (check all that apply) as a member of this community, I believe the QMG Hospital will:

- ☒ establish Quincy and the surrounding area as a regional medical hub focused on innovation and affordable care
- ☒ allow me to be a part of an important and positive change for our community
- ☒ be welcoming and inclusive in order to address health disparities and health inequities
- ☒ save my family and me (and employers) healthcare costs
- ☒ create local jobs through construction of the hospital and permanent hospital positions
- ☒ contribute to the continued reinvigoration of the Quincy Town Center (formerly the Quincy Mall campus) and QMG's previous investments
- ☒ provide additional local educational opportunities for healthcare careers
- ☒ contribute to the economic development of our community
- ☒ increase our population census as the QMG Hospital attracts more workers and patients
- ☒ encourage additional recruitment of QMG physicians and their families to the area
- ☒ provide our community's children and grandchildren more reasons to stay in Quincy
- ☒ break up the monopoly of only one hospital and the chokehold that places on the community
- ☒ provide the community a choice in affordable hospital care led by QMG physicians
- ☐ _____
- ☐ _____

Additional Comments: REITERATING THE CHOICE IN CARE POINT. FOR MANY, QMG IS NOT A FIRST CHOICE BUT IS THE ONLY CLOSEST CHOICE. WE SHOULD GET TO DECIDE, IF WE HAVE A QMG DOCTOR PARTICULARLY, HOW WE GET HOSPITAL CARE.

Please VOTE YES to approve the QMG Hospital, Project #20-244.

Sincerely,
