Re: Quincy Medical Group Hospital, Project #20-044

Dear Ms. Avery,

As President and CEO of Chaddock, I am writing to express our neutrality regarding Quincy Medical Group Hospital's application.

We value the work our healthcare professionals provide on a daily basis to our community. We are especially grateful for the tireless efforts of our medical community during the COVID-19 pandemic. We wish to see our region continue to experience high quality, affordable care without undue duplication.

Our Board of Directors entrusts the review process the Illinois Health Facilities and Services Review Board conducts to make informed decisions that reflect the current and future needs of our community.

Sincerely,

Debbie Reed
President/CEO
