RE: Carle Danville CON Applications (Projects #20-047 and #20-048)

Dear Chair Savage,

I am writing today in support of recent Certificate of Need applications filed by Carle Health for a new Ambulatory Surgery Center and Medical Office Building.

It is my honor to serve as Associate Medical Director for Carle Health in the Danville, Illinois area- where this investment will be made. As a lifelong resident of Danville, I believe strongly in the bright future this investment will bring to our community- to the neighbors of this community that I am fortunate to call my family and friends. This commitment by Carle to Danville and the surrounding area comes at a time of great need, and I am proud to be a part of it.

Carle's dedication to providing services that result in healthier outcomes is only one valuable reason I support this expansion. This project will also revitalize the community as one of the largest investments in Danville in 50 years. It will not only meet strategic healthcare needs but re-energize the area and make it a destination.

Over the course of my career, I have seen firsthand the need for this project in Danville. I wish to lend my support to Carle's application, and I respectfully request your favorable review. If I can answer any questions about this matter, please do not hesitate to contact me.

Best regards,

Karen Broaders, M.D.
