Narrative Description

In the space below, provide a brief narrative description of the change of ownership. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site.

NorthShore University HealthSystem, an Illinois not-for-profit corporation ("NorthShore"), and Northwest Community Healthcare, an Illinois not-for-profit corporation ("NCH"), are entering into a Membership Substitution Agreement (the "MSA") which is scheduled to close December 31, 2020 or as soon thereafter as all closing conditions have been satisfied or waived (the "Closing"). Prior to the Closing, NCH, through its subsidiary Northwest Community Health Services, Inc., is the controlling member of Northwest Community Foot and Ankle Center LLC, an Illinois limited liability company ("NCFAC"). NCFAC operates an ambulatory surgical treatment center, located at 1455 East Golf Road, Des Plaines, IL 60016. Under the MSA, NorthShore will become the sole member of NCH (the "Planned Transaction"), and, therefore, the indirect controlling member of NCFAC.

This application is part of a series of Certificates of Exemption ("COE") applications for changes of ownership/control of the HFSRB regulated facilities owned by NCH in Arlington Heights and Des Plaines, Illinois (the "Facilities"). While a separate COE is required and will be filed for each of the Facilities, the MSA relates to all of the Facilities.

Subject to approval of this COE application, the legal entity licensed to operate NCFAC will not change as a result of the affiliation and no new corporate entity will be formed. Rather, the Planned Transaction is a member substitution in an Illinois not-for-profit corporation, NCH, and, as such, no consideration (e.g., money, property or other assets) will be given in connection with the transaction.

1130.520. Requirements for Exemptions Involving the Change of Ownership of a Health Care Facility

Names of Parties, Post-Closing Licensee and Structure of the Transaction -(1130.520 (b)(1)(A), (b)(1)(B) and (b)(1)(C))

NorthShore University HealthSystem, an Illinois not-for-profit corporation ("NorthShore"), and Northwest Community Healthcare, an Illinois not-for-profit corporation ("NCH"), are entering into a Membership Substitution Agreement (the "MSA") which is scheduled to close December 31, 2020 or as soon thereafter as all closing conditions have been satisfied or waived (the "Closing"). Prior to the Closing, NCH, through its subsidiary Northwest Community Health Services, Inc., is the controlling member of Northwest Community Foot and Ankle Center LLC, an Illinois limited liability company ("NCFAC"). NCFAC operates an ambulatory surgical treatment center, located at 1455 East Golf Road, Des Plaines, IL 60016. Under the MSA, NorthShore will become the sole member of NCH (the "Planned Transaction"), and, therefore, the indirect controlling member of NCFAC.

This application is part of a series of Certificates of Exemption ("COE") applications for changes of ownership/control of the HFSRB regulated facilities owned by NCH in Arlington Heights and Des Plaines, Illinois (the "Facilities," as specified further below). While a separate COE is required and will be filed for each of the Facilities, the MSA relates to all of the Facilities.

NorthShore is a fully integrated health care delivery system serving primarily the north Chicago and northern suburbs of the greater Chicagoland area. Its operations include, among other things, five Illinois general acute care hospitals and three outpatient ambulatory surgical treatment centers.

Additionally, NCH has a controlling interest in Northwest Community Hospital, located at 800 West Central Road, Arlington Heights, Illinois 60005 ("Hospital"), and several ambulatory surgical treatment centers, including Northwest Endo Center LLC, located at 1415 South Arlington Heights Road, Arlington Heights, IL 60005 ("NEC"), and Northwest Community Day Surgery Center II LLC, located at 675 West Kirchoff Road, Arlington Heights, IL 60005 ("NCDSC" and collectively with NEC, NCFAC and Hospital, the "Facilities").

Pursuant to the MSA, NorthShore will (i) become the sole and controlling member of NCH and (ii) will indirectly control the Facilities. NCFAC has three operating rooms and provides orthopedic and podiatry surgical services.

As part of the Planned Transaction, NCFAC will maintain its license and neither NCFAC's name nor the legal entity that owns the physical plant and capital assets of NCFAC will change, but its affiliation with NorthShore may be included in signage, publications and other media.

List of Membership Interests -1130.520(b)(1)(E)

Prior to the completion of the Planned Transaction, NCH, through its subsidiary Northwest Community Health Services, Inc., is the controlling member of NCFAC. After the closing of the Planned Transaction, NorthShore will be the sole member of NCH, and, therefore, the indirect controlling member of NCFAC.

Fair Market Value of Assets -1130.520(b)(1)(F)

The fair market value of NCFAC is \$97,410.1

Purchase Price -1130.520(b)(1)(G) (NOT APPLICABLE)

The transaction is a membership substitution in an Illinois not-for-profit corporation. As such, no consideration (e.g., money, property or other assets) will be given in connection with the membership interest substitution.

Affirmation regarding Outstanding CON Permits -1130.520(b)(2)

NCFAC has no outstanding Certificate of Need permits or exemptions.

Potential Benefits and Cost Savings of the Planned Transaction -1130.520(b)(4) and (b)(5)

NCFAC is joining NorthShore to become a part of a regional, community-focused healthcare system across Chicago's north and northwest suburbs. The affiliation will enhance delivery of top-quality primary, immediate and specialty care services, and provide broader geographic access connecting patients to care close to home. By coming together, patients throughout the region will benefit from two exemplary physician networks of employed and independent doctors providing localized care decisions and enhanced services growing and convenient access points. NorthShore will work to define and implement the integration of NCFAC in a manner that:

- Continues to expand and improve patient access to comprehensive, convenient, high quality, outpatient healthcare throughout the communities, including access to advanced specialty care across the combined system;
- Continues to improve and manage the health status of the population of the communities served by the combined system;
- Continues to invest in facilities, equipment, network developments and information technology;
- Promotes community health and well-being through enhanced patient care;
- Builds the medical community through strongly-aligned relationships and enhanced education and developmental opportunities among primary care, core specialist, subspecialist, group practice physicians and other members of the staff;
- Enhances sound stewardship through the efficient delivery of all services, resulting in favorable financial performance for the system entities;
- Develops a comprehensive delivery system, resulting in improved outcomes and quality of life for patients;
- Enhances physician, payor and patient preference; and
- Enhances community benefit and public policy advocacy.

¹ This figure reflects the NCH's portion of its membership interest in NCFAC based on NCFAC's enterprise value. This valuation represents a snapshot of the fair market value which is subject to changes over time based on fluctuations in the data in the ordinary and non-ordinary course of business. ^{74153146.1}

The parties believe this transaction will result in delivering superior value and quality to patients, physicians and payers, and will also be in the best interests of the community at large.

Potential Cost Saving.

The Planned Transaction will present significant opportunities to improve health care delivery and access to services provided in the combined system's service area in a manner that results in cost savings and other efficiencies that will ensure that NorthShore and NCH can more effectively continue their shared charitable mission and purposes. Such opportunities will likely include initiatives for integration of information technology and system-wide support functions, with the goal of enhancing operational uniformity, efficiency, quality, outcomes and performance, as well as access to in-house resources of NorthShore's system.

Quality Improvement Program to be Utilized at NCFAC – 1130.520(b)(6)

NCH and NorthShore share a longstanding commitment to a culture of quality, safety, service and evidence-based practices. By aspiring to consistently engage in process improvement and improve consistency to meet the highest standards for quality and patient satisfaction, NCFAC and NorthShore will continue to advance the commitment to delivering care that is of the highest quality, and eliminates preventable harm. It is also anticipated that NorthShore will evaluate opportunities to integrate NCFAC's quality plan with NorthShore's quality plan after the closing of the Planned Transaction.

Governing Body Composition/Selection Process -1130.520(b)(7)

Upon consummation of the Planned Transaction, the officers and members of NCFAC will remain the same and continue to consist of physician representatives and board members appointed by NCH (or its subsidiary).

Scope of Services - 1130.520(b)(9)

There will be no changes in the Categories of Service provided by NCFAC within 24 months following the closing of the Planned Transaction with NorthShore unless it applies for and obtains approval from the HFSRB to make any adjustments necessary to best address the health care needs of the community served by NCFAC.
