

Ms. Courtney Avery, Administrator
Illinois Health Facilities and Services Review Board
525 West Jefferson Street 2nd Floor
Springfield, IL 62761

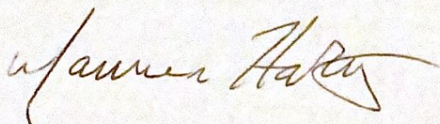

Dear Ms. Avery,

As Second Ward Alderman and a member of the Park Ridge community that relies on the services of Advocate Lutheran General, this surgery modernization project is the kind of service that our community has come to expect from Advocate Lutheran General. Our residents don't have to leave their backyard to get exceptional care. This project ensures this for our future.

Advocate Lutheran General is a constant partner on several initiatives to support the community we serve. The collaboration between Advocate Lutheran General and Park Ridge Public Safety Department is a critical component to protecting our residents. Additionally, Advocate Lutheran General is always a visible presence at our community events. Park Ridge residents have come to rely on Advocate Lutheran General's commitment to modernization and providing a high level of care.

I encourage the Illinois Health Facilities and Services review board to approve Advocate Lutheran General's Surgery modernization project.

Sincerely,

Maureen Hartwig

Second Ward Alderman, City of Park Ridge
