Re: Letter of Support for the Relocation of IP Rehab Services to the Greater Peoria Specialty Hospital
Project: 21-014, Greater Peoria Specialty Hospital, Peoria

As an elected official, I, Jehan Gordon Booth in addressing my constituents' concerns is of the utmost importance to me. I am writing to express my support of the plans by OSF HealthCare and Kindred Healthcare to partner to provide comprehensive physical rehabilitation services in central Illinois. I support the plans to relocate rehabilitation services currently provided at OSF Saint Francis Medical Center to the Greater Peoria Specialty Hospital.

In Illinois, stroke is the third leading cause of death. Besides being the third leading cause of death, stroke is one of the major causes of serious disability across communities I represent. Inpatient rehabilitation is needed to help adults who have experienced a loss of function or disability due to stroke, brain injury, spinal cord injury, neurological disorders, orthopedic surgery and other conditions.

Bringing the rehabilitation services provided by OSF HealthCare into the same building as the long-term acute care at Greater Peoria Specialty Hospital will allow for synergies in staffing and efficiencies in care delivery for both rehabilitation and long-term acute care patients. The new collaborative programs will enhance care delivery and provide increased access for patients using these services in central Illinois.

I stand with OSF HealthCare and Kindred Healthcare in supporting patients and families who are seeking highly specialized yet local access to care. I appreciate your consideration and request your support of this project and approval by the Illinois Health Facilities and Services Review Board.

Sincerely,

A handwritten signature in blue ink that reads "Jehan Gordon Booth".
Jehan Gordon Booth
Speaker ProTempore/Deputy Majority Leader
