The permit holder is responsible for complying with the following requirements in order to maintain a valid permit. Failure to comply with the requirements may result in expiration of the permit or in State Board action to revoke the permit.

1. FINANCIAL COMMITMENT 1130.720

The project must be obligated **by the Project Financial Commitment Date** unless the permit holder obtains an “Extension of the Financial Commitment Period” as provided in 77 Ill. Adm. If project completion is required prior to the respective annual progress report referenced above, financial commitment must be reported as part of the notice of project completion. The reporting of financial commitment must reference a date certain when at least 33% of total funds assigned to project cost were expended or committed to be expended by signed contracts or other legal means.
