To demonstrate completion of this transaction, the exemption holder shall provide written notice and related documentation to the State Board of the following: for changes of ownership in which the applicant submitted key terms of the transaction, certification that the transaction was or was not completed according to the key terms contained in the application. The exemption holder must submit the certification within 90 days after the closing date of the transaction; and for changes of ownership in which the applicant submitted the final transaction documents, notice of project completion, no later 90 days after the change of ownership.
