Dear Mr. Hohulin:

On August 17, 2021 the Chairwoman of the Illinois Health Facilities and Services Review Board (State Board) acting on behalf of the State Board approved your request for the discontinuation of the 27-bed comprehensive physical rehabilitation category of service located at OSF Saint Francis Medical Center, 530 N. E. Glen Oak Avenue, Peoria, Illinois. The approval was based upon the application's compliance with applicable provisions of 77 ILAC Part 1130. The project's completion date is September 30, 2022. As a result of this approval the hospital has the following categories of service and beds:

<u>Categories of Service</u>	<u>Beds</u>

To demonstrate completion of this discontinuation, the exemption holder shall provide written notice and related documentation to the State Board the notice of project completion no later than 90 days following the project completion date. Failure to provide the required notification shall subject the exemption holder to the sanctions provided under Section 14 of the Illinois Health Facilities Planning Act.

The State Board's approval does not exempt the transaction from any other regulatory, certification or licensure requirements that may be applicable prior to the discontinuation. The exemption will be invalid should the facility for which the discontinuation of the category of service was granted cease to be an existing health care facility as defined in 77 IAC 1130.140.
