Dear board members,

I am a citizen on the west side. A wife and mother, of now, two adult children.

For my own personal needs, as well as my children growing up, it was a great relief having this ER with in 10 minutes of my home.

The west side relies on this facility to help ensure our health and safety and that of the many neighboring communities.

Please do what ever it takes to keep the facility open.

Thank you,  
The Anita Richards family
