Re: Child and Adolescent Behavioral Health Campus
Project No. 22-017 – Letter of Support

Dear Chairwoman Savage and Members:

On behalf of Integrated Project Solutions, I proudly submit this letter in support of the proposed child and adolescent behavioral health campus in Peoria, Illinois.

Integrated Project Solutions is a minority-owned business with more than 100 employees. We have completed more than 1,000 projects across 18 states, including state-of-the-art health care facilities. We are experts in planning, design, and construction, and we work with our clients on projects from conception to completion. We complete our projects on time and on budget.

We are excited and proud to partner with UnityPoint Health – Methodist on this incredibly important project that will increase access to critical behavioral health services for children and adolescents in Peoria and the surrounding communities. We were selected to serve as the construction manager for the proposed behavioral health campus, and we have worked closely with UnityPoint Health - Methodist in the pre-construction planning and design of the facility. We are honored to be part of a project that will improve the mental health and wellbeing of youth in the region and reduce health care disparities.

Please approve this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Quintin Smith', with a stylized flourish at the end.
