RE: Springfield Clinic - Springfield Clinic Ambulatory Surgery Center Establishment of Cardiac Catheterization: Rescinding Letter of Opposition

Dear Mr. Kaatz and Members of the Illinois Health Facilities and Services Review Board,

I previously wrote to you to oppose Springfield Clinic's Certificate of Need ("CON") application to establish cardiac catheterizations at the Springfield Clinic Ambulatory Surgery Center, however, after discussions with Springfield Clinic recently, I have decided to rescind my opposition to their application.

Sincerely,

A handwritten signature in black ink, appearing to read "Christopher Belt".

Christopher Belt
Illinois State Senator
57th District
